Section INQ [Introduction] Sequence: 0

Grid Spec

[(All Sections)]

QUESTION STEMS ON LARGE AND SMALL BROWSERS:

QUESTION STEMS FOR ITEMS THAT ARE DISPLAYED TOGETHER IN GRIDS ON LARGE FORMATS (SUCH AS A DESKTOP) ARE PRESENTED ONLY ONCE IN THE PARENT SURVEY SPECIFICATIONS BELOW. WHEN VIEWING THESE QUESTIONS IN A SMALLER FORMAT (SUCH AS A MOBILE PHONE), QUESTION STEMS REPEAT ON SEPARATE SCREENS TO MAKE THE INTENT OF THE ITEM CLEAR.

ON LARGE FORMAT DISPLAYS, QUESTIONS IN A GRID ARE SKIPPED AS A GROUP WHEN THE NEXT BUTTON IS USED. ON MOBILE, QUESTIONS IN GRIDS ARE PRESENTED ONE AT A TIME. IF THE "SAVE AND EXIT" BUTTON IS USED IN THE MIDDLE OF GRID QUESTIONS, AND SOME OF THE GRID QUESTIONS HAVE BEEN ANSWERED, THE REMAINING QUESTIONS IN A GRID WILL BE ASSIGNED SK. FOR GRIDS THAT HAVE BEEN DIVIDED INTO SMALLER GROUPS OF ITEMS, THIS SK ASSIGNMENT TO THE REMAINING QUESTIONS IN A GRID WILL ONLY APPLY TO THE DEFINED GRID SET IN THE SMALLER GROUP. ELSE, IF THERE IS A BREAK OFF OR TIMEOUT IN THE MIDDLE OF GRID QUESTIONS, NO ANSWERS IN THE GRID WILL BE SAVED OR AUTOMATICALLY ASSIGNED SK.

TEXT IN RESPONSE OPTIONS IN GRID ITEMS SHOULD BE TOP ALIGNED.

7	Other relative	INQ005j

PROGRAMMER INSTRUCTIONS:

DISPLAY CODE 91 ABOVE CODE 5.

AUTOCODE FSQ130 FOR THE RESPONDENT BASED ON INQ005g.

IF THIS QUESTION IS SK (SKIPPED), USE PARENT SURVEY PROBE. DON'T KNOW AND RATHER NOT ANSWER IN THE PARENT SURVEY PROBE SKIP TO INQ005j.

BOLD, ON FIRST INSTANCE ONLY IN HELP TEXT, "Biological parent", "Adoptive parent", "Step parent", "Foster parent", "Sibling", "Grandparent", "Other Relative", "Other Nonrelative", "Other parent or guardian".

HELP FOR CODE 1: Biological Parent: A parent biologically related to the child. This may be the parent who gave birth to the child, but could also apply to a parent who used a surrogate, egg donor, or sperm donor to have the child.

HELP FOR CODE 2: Adoptive Parent: A parent who has legally adopted {CHILD}.

HELP FOR CODE 3: Step Parent: A parent other than {CHILD}'s biological or adoptive parent who is married to {CHILD}'s biological or adoptive parent.

HELP FOR CODE 4: Foster Parent: A parent with whom {CHILD} is placed temporarily, usually through a social service agency and/or a court.

HELP FOR CODE 5: Sibling: Include biological (full, half), step, adoptive, and foster siblings as defined below.

Full Sibling: A person with whom {CHILD} shares the same biological parents.

Half Sibling: A person with whom {CHILD} shares one biological parent.

Step Sibling: A person to whom {CHILD} is related by the marriage of one biological parent.

Adoptive Sibling: A person to whom {CHILD} is related given that they are in the same family in which the person or {CHILD} has been legally adopted by the family.

Foster Sibling: A person to whom {CHILD} is unrelated except that they are in the same family in which the person or {CHILD} have been taken into the home on a temporary basis and the parents have legal responsibility for {CHILD}.

HELP FOR CODE 6: Grandparent: A parent of {CHILD}'s biological, adoptive, or step parent.

HELP FOR CODE 7: Other Relative: Refers to relationships that are not listed, such as great grandparent, child of a parent's sibling (e.g., niece or nephew), and sibling of {CHILD}'s parent (e.g., aunt or uncle).

HELP FOR CODE 8: Other Nonrelative: Refers to the relationship between two people when there is no family relationship through blood, marriage, or adoption. The category could be used to refer to a person who is not a parent to {CHILD}, but is a partner to {CHILD}'s parent and living together with that parent as married. The category could also be used to refer to the partner's children who are not related to {CHILD}'s parent. An example of this is when the child's parent and the parent's partner (who is not the child's parent) live together as married and the partner's daughter lives with them. The relationship of the partner's daughter to the child would be siblings if they were married, but since the parent and the partner are not married, the daughter is an "other nonrelative."

HELP FOR CODE 91: Other Parent or Guardian: A person acting as the parent of {CHILD}, but does not fit into one of the other categories. For example, in a household with two parents, one of the parents may not be biologically related to {CHILD} and not legally in charge of {CHILD} but is another parent to {CHILD}.

HELP FOR STEM: Transitional Kindergarten Program: A transitional kindergarten (TK) program is an extra year of school before kindergarten starts. It is different from preschool, Head Start, or prekindergarten. TK may be for children who are too young to start kindergarten or need more time to be ready for kindergarten. Schools have different names for these programs (e.g., early transitional kindergarten (ETK), readiness kindergarten, or a kindergarten equivalent in a classroom without grades or one with multiple grades), but all are types of kindergarten. The program may be in a public or private school, or an early childhood setting such as a nursery school, early childhood learning center, or day care center. It may be a full- or part-day program and have regular and/or special education.

Also, changed 8 to least from in-expensive as could still be expensive for family and 10 to apply to all tuition assistance programs, including vouchers. Modified item 5 to delete 'caregivers' and added additional factors for selection (12, 13, 14, and 15). Subitems reordered to match CCQ560.

Capitalization of word also added to match CCQ560. Also, changed "are" to "were" because a kindergarten has already been selected. Placed answer choices in past tense.

Section SSQ Social Skills, Problem Behaviors and Approaches Toward Learning

Thirty-four items ask parents to rate their child on social-emotional skills including ability to exercise self-control (for example, fighting, arguing, anger); ability to interact with others (for example, playing, making friends); being sad or lonely (for example, depression, low self-esteem); being impulsive or overactive; positive behaviors (for example, listening, cooperating); problem behaviors (worrying); and approaches to learning (for example, selfdirection, organization, eagerness to learn). The social skills and behavior items are adapted from the Social Skills Rating Scale (SSRS) and the Social Skills Improvement System (SSIS) by Gresham and Elliot (1990, 2008) published by NCS Pearson. These items (a-i, k, l, n, p, q, s, t, u, w, y, z1, z2, z3, z4, z5, z6, z7, z8, z9) are copyright protected and are not listed (they are submitted directly to OMB for review). The approaches to learning items were created for the Early Childhood Longitudinal Study, Kindergarten Class of 1998-99 (ECLS-K) by Atkins-Burnett. They are not copyright protected and, therefore, are listed below.

BOLD, ON FIRST INSTANCE ONLY IN HELP TEXT, "Biological parent", "Adoptive parent", "Step parent", "Foster parent", "Sibling", "Grandparent", "Other Relative", "Other Nonrelative", "Other parent or guardian".

HELP FOR CODE 1: Biological Parent: A parent biologically related to the child. This may be the parent who gave birth to the child, but could also apply to a parent who used a surrogate, egg donor, or sperm donor to have the child.

HELP FOR CODE 2: Adoptive Parent: A parent who has legally adopted {CHILD}.

HELP FOR CODE 3: Step Parent: A parent other than {CHILD}'s biological or adoptive parent who is married to {CHILD}'s biological or adoptive parent.

HELP FOR CODE 4: Foster Parent: A parent with whom {CHILD} is placed temporarily, usually through a social service agency and/or a court.

HELP FOR CODE 5: Sibling: Include biological (full, half), step, adoptive, and foster siblings as defined below.

Early Childhood Longitudinal Study Parent Survey Fall K - Form PSFK ::

FSQ

Full Sibling: A person with whom {CHILD} shares the same biological parents.

Half Sibling: A person with whom {CHILD} shares one biological parent.

Step Sibling: A person to whom {CHILD} is related by the marriage of one biological parent.

Adoptive Sibling: A person to whom {CHILD} is related given that they are in the same family in which the person or {CHILD} has been legally adopted by the family.

Foster Sibling: A person to whom {CHILD} is unrelated except that they are in the same family in which the person or {CHILD} have been taken into the home on a temporary basis and the parents have legal responsibility for {CHILD}.

HELP FOR CODE 6: Grandparent: A parent of {CHILD}'s biological, adoptive, or step parent.

HELP FOR CODE 7: Other Relative: Refers to relationships that are not listed, such as great grandparent, child of a parent's sibling (e.g., niece or nephew), and sibling of {CHILD}'s parent (e.g., aunt or uncle).

HELP FOR CODE 8: Other Nonrelative: Refers to the relationship between two people when there is no family relationship through blood, marriage, or adoption. The category could be used to refer to a person who is not a parent to {CHILD}, but is a partner to {CHILD}'s parent and living together with that parent as married. The category could also be used to refer to the partner's children who are not related to {CHILD}'s parent. An example of this is when the child's parent and the parent's partner (who is not the child's parent) live together as married and the partner's daughter lives with them. The relationship of the partner's daughter to the child would be siblings if they were married, but since the parent and the partner are not married, the daughter is an "other nonrelative."

HELP FOR CODE 91: Other Parent or Guardian: A person acting as the parent of {CHILD}, but does not fit into one of the other categories. For example, in a household with two parents, one of the parents may not be biologically related to {CHILD} and not legally in charge of {CHILD} but is another parent to {CHILD}.
