TEMPLATE

The Department of Energy (DOE) will highlight Better Climate Challenge partners with partner profile pages on the Better Buildings Solution Center. Please complete the information below. If you already have a profile page on the program's website, your Account Manager will work with you to integrate information from your original profile into your new profile. If not, a new profile page will be created. *Profile pages should aim to be 200 words or less.*

**1. Organization Name**

Confirm how you would like your organization to be referenced on the program website and other program materials.

Click here to enter text.

**2. Background**

Provide background information on your organization, including its portfolio of buildings, sustainability priorities and commitments, and previous GHG emissions reduction approaches and successes.

Click here to enter text.

**3. Strategy**

Describe your organization's commitment to the Better Climate Challenge. Include your priorities and specific actions or measures that you will take to meet the program's goal.

Click here to enter text.

**4. Logo**

Provide your organization's logo (as an attachment) for placement on your profile page. If your organization already has a profile page with a logo, there is no need to send another.

**File type options:** high resolution PNG, GIF, JPG, and JPEG.

**5. Photo(s)**

Provide at least 1 vertical photo of your owned or leased buildings (as an attachment) for placement on your profile page. Please include captions and attributions, if applicable. If your organization already has a profile page with a picture, there is no need to send another unless you would like to update it. Additional photos are welcomed and may be
