## PART "B"

**THIS IS YOUR PERMIT  
for calendar year 202X**  
Keep available at site while burning.

### Q: *Why do I need approval?*

A: Smoke from open burning contains air pollutants that affect air quality and public health (especially for children and the elderly).

### Q: *What are some alternatives to outdoor burning?*

A: Chipping and shredding vegetation for composting. Household paper and cardboard can be recycled.

### Q: *How can I burn more cleanly?*

A: Make sure your fuel is as dry as possible, separate the fire from damp ground and be sure there is enough draft to keep the fire burning hot.

### Q: *Are there exceptions from the Small Open Burn Annual Permit Rule?*

A: Cultural, traditional, recreational, outdoor cooking and certain other fires are exempt and do not require approval. See 440 CFR 49.142 Rule for Small Open Burning Annual Permits..

**For more information about the health effects of outdoor burning visit: [www.epa.gov/FARR](http://www.epa.gov/FARR)**

*Burning must be conducted in compliance with 40 CFR 49.131 General Open Burning and 49.142 Rule for Small Burning Annual Permits.*

Approval Expires XX/XX/XXXX

# SMALL BURN ANNUAL PERMIT

## TERMS & CONDITIONS

1. This permit is part of a federal air quality program administered by the \_\_\_\_\_ Tribe to control emissions of air pollutants and manage smoke for air quality purposes. These rules apply within the Reservation (both formal and informal reservation lands).
2. This permit applies to the owner and lessee (if any) of the property and to any person conducting a small open burn on the property (collectively, "the Permittee").
3. Only the following materials may be burned: (a) natural vegetation and untreated wood; (b) paper, paper products, or cardboard generated on site at a single-family residence or residential building with four or fewer dwelling units; and (c) paper and manufactured fire starters to start the fire. **BURNING ANY OTHER MATERIALS IS PROHIBITED.**
4. Before initiating a small open burn, the person conducting the burn must call \_\_\_\_\_ to check whether burning is allowed for the area on that day and conduct and complete the burn during the hours that burning is allowed on that day. **BURN ONLY ON BURN DAYS AND ONLY DURING ALLOWED HOURS..**
5. The Permittee must ensure that the person conducting the small open burns is familiar with the requirements of the permit and that the permit is available on the property during the open burn and provided on request to the Tribal personnel or U.S. EPA.
6. Open burning is not permitted (and shall not be initiated) during burn bans or air pollution episodes, or when the \_\_\_\_\_ Tribe or U.S. EPA determines that burning will cause or contribute to an exceedance of any NAAQS or any other adverse impact to air quality.
7. All small open burning is subject to the following requirements: (a) all materials to be openly burned must be kept as dry as possible through the use of a cover or dry storage; (b) before igniting a burn, dirt and stones must be separated from the materials to be openly burned to the greatest extent practicable; (c) natural or artificially induced draft must be present; (d) to the greatest extent practicable, materials to be openly burned must be separated from the grass or peat layer; (e) a fire must not be allowed to smolder; (f) a person 18 years of age or older must be in attendance at all times during the burn; (g) there must be a means available for extinguishing the fire, such as water or chemical fire suppressants; and (h) the fire must be extinguished, if safe to do so, when requested to do so by the \_\_\_\_\_ Tribe or U.S. EPA based on a determination that burning will cause or contribute to an exceedance of any NAAQS or any other adverse impact to air quality.
8. This permit expires at the end of the calendar year in which it is issued unless it is revoked after written notice to the applicant prior to that time.
9. If the owner or lessee of the property changes, a new permit is required in order to conduct small open burns on the property.
10. Nothing in this section exempts or excuses any person from complying with any applicable laws and ordinances of Tribal governments, local fire departments, and other governmental entities. The Permittee is responsible for compliance with any applicable burn safety requirements and must also obtain applicable fire safety permits. Contact your local fire district or sheriff's office for fire safety permit information.
11. All open burning under this permit must be conducted in compliance with this permit (including instructions and procedures), 40 CFR 49.131 (General rule for open burning) and 49.142 (Rule for small open burning annual permits). Burning conducted without permission from the \_\_\_\_\_ Tribe Air Quality Program and/or failure to follow the FARR permit terms and conditions, including instructions and procedures, violates the FARR and the federal Clean Air Act and is subject to penalties up to \$ \_\_\_\_\_ per day of

*This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-NEW). Responses to this collection of information are mandatory (40 CFR 49.142). The public reporting and record keeping burden for this collection of information is estimated to average 0.5 hour per response. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.*
