Invitational Traveler Reimbursement Process

An invitational traveler vendor code must be created in the NRC's accounting system, Financial Accounting and Integrated Management Information System (FAIMIS), in order for an invitational traveler to be reimbursed for travel expenses. In addition, an invitational traveler profile needs to be established in the NRC's travel system, eTravel System (ETS2), so the invitee can make travel reservations and submit travel vouchers. The Central Allowance Branch (CAB) in the Office of the Chief Financial Officer (OCFO) is responsible for creating new invitational traveler vendor codes in FAIMIS. The Financial Systems Branch (FSB) in OCFO is responsible for establishing and updating invitational traveler profiles in ETS2. The timeline for OCFO to complete this process is 3 business days from receipt of a complete vendor request.

Step 1. Offices/Regions bringing in an invitee must complete NRC Form 149, "OCFO Invitational Traveler Request Form," (page 1) and email it to CAB at NRC_VendorRequest@nrc.gov.

Step 2. The NRC Form 149 requires the last 4 digits of the invitational traveler's social security number (SSN). However, FAIMIS requires the invitee's full SSN in order to create a vendor code. Upon submission of the NRC Form 149, **CAB** will contact the traveler to obtain the first 5 digits of their SSN.

Alternatively, the **Requester or Arranger** may notify the traveler that they may contact the CAB directly at NRC_VendorRequest@nrc.gov to provide the first 5 digits of their SSN.

Step 3. Upon receipt of the invitee's full SSN and a completed NRC Form 149, **CAB** creates the invitational traveler vendor code in FAIMIS. Once the vendor code is established in FAIMIS, **FSB** creates an invitational traveler user account in ETS2.

Step 4. CAB notifies the Requester and/or Arranger that the invitational traveler has been set up in FAIMIS and ETS2.

Step 5. The **Requester or Arranger** informs the invitee to call El Sol Travel (844-244-6694 or 480-693-0212) to make their travel reservations. Once reservations are made, El Sol Travel will push them to ETS2 where the Arranger will complete the travel authorization and sign it on behalf of the traveler (i.e., stamp 'SIGNED BY **ARRANGER**') to initiate routing. The authorization will then route through the system in the same way as employee travel does: the authorization will be approved by the **Approver** (noted on the NRC Form 149), and it will then route to the OCFO Funds Certifying Official for their review and approval to be sent to FAIMIS for funds obligation. If the authorization is for foreign travel, it will route to the OCFO Foreign Travel Approver as well.

Step 6. After the trip is completed, the **Arranger** prepares a voucher in ETS2 from the obligated authorization, adjusts expenses as needed, and attaches applicable receipts. The **Arranger** must export the PDF of the travel voucher from ETS2 and have the invitee (manually or digitally) sign it, certifying that the expenses are correct and due to the invitee. This signed voucher must then be attached as a supporting document to the travel voucher in ETS2. The **Arranger** CANNOT sign the voucher on behalf of the traveler. Instead, they must stamp the voucher 'PREPARED' and then notify CAB at NRC_VendorRequest@nrc.gov, with a cc to the CAB Chief, that the voucher is ready to be reviewed and signed on behalf of the invitational traveler. The ETS2 Trip ID number should be included in the email for reference.

Step 7. CAB reviews the travel voucher and signs it on behalf of the invitational traveler by stamping it "INVITATIONAL", which moves it forward to the Approver who signed the original travel authorization. Once the **Approver** approves the voucher in ETS2, payment will be issued within 2-3 business days either in a form of a Treasury check or direct deposit, whichever is applicable.
