

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes the proposal would enhance competition because disclosing the primary and secondary data sources utilized by the Exchange with respect to all of the exchanges enhances transparency and enables investors to better assess the quality of the Exchange's execution and routing services.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6) thereunder.<sup>9</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>10</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>11</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay.

The Exchange believes that waiver of the operative delay is appropriate because the Commission previously approved MEMX Rule 13.4 to permit the Exchange to disclose via its rules the data feeds it utilizes for order handling, routing and execution, and related

compliance processes, and the proposed changes merely provide necessary updates to such disclosure. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change does not raise any new or novel issues and does not alter the Exchange's functionality. Rather, the proposal memorializes that MEMX has chosen not to subscribe to the direct proprietary market data feeds of several exchanges, most of which currently have relatively low market share (e.g., below 1%), and will instead utilize the applicable consolidated market data source for those exchanges. MEMX's proposal is not novel, as other exchanges also use the consolidated data feeds to receive data from certain other exchanges.<sup>12</sup> Therefore, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>14</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

#### Electronic Comments

- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-MEMX-2022-20 on the subject line.

<sup>12</sup> See, e.g., NYSE American Rule 7.37E(d) (showing that NYSE American uses the consolidated data for several exchanges, including MEMX).

<sup>13</sup> For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>14</sup> 15 U.S.C. 78s(b)(2)(B).

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Exchange Act Rule 12d1-3 (17 CFR 240.12d1-3) requires a certification that a security has been approved by an exchange for listing and registration pursuant to Section 12(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78l(d)) to be filed with the Commission. The information required under Rule 12d1-3 must be filed with the Commission and is publicly available. We estimate that it takes approximately one-half hour per response to provide the information required under Rule 12d1-3 and that the information is filed by approximately 688 respondents for a total annual reporting burden of 344 hours (0.5 hours per response x 688 responses).

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by October 3, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

### Proposed Collection; Comment Request: Extension: Industry Guides

*Upon Written Request Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Industry Guides are used by registrants in certain industries as disclosure guidelines to be followed in presenting information to investors in Securities Act (15 U.S.C. 77a *et seq.*) and Exchange Act (15 U.S.C. 78a *et seq.*) registration statements and certain other Exchange Act filings. The paperwork burden from the Industry Guides is imposed through the forms that are subject to the disclosure requirements in the Industry Guides and is reflected in the analysis of these documents. To avoid a Paperwork Reduction Act inventory reflecting duplicative burdens, for administrative convenience the Commission estimates the total annual burden imposed by the Industry Guides to be one hour.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by October 3, 2022.
