

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: XXXX-YYYY)

TITLE OF INFORMATION COLLECTION: Medicare Administrative Contractor (MAC) Customer Experience (MCE) Program – Provider Contact Center - Telephone Library of Questions

PURPOSE:

Section 911 of the 2003 Medicare Prescription Drug Improvement, and Modernization Act (MMA) created a network of private health care insurers, or Medicare Administrative Contractors (MACs), to perform a variety of services for us. MACs are the main operational contacts between the Medicare Fee-for-Service (FFS) Program and health care providers and suppliers enrolled in Medicare. There are now 16 multi-state MAC jurisdictions (represented by the following letters and numbers—J5, J6, J8, J15, JA, JB, JC, JD, JE, JF, JH, JL, JK, JL, JM and JN) that process Medicare Part A, Part B, and Durable Medical Equipment (DME) claims and also:

- Enroll providers in the Medicare FFS Program
- Handle appeals requests
- Respond to provider inquiries
- Educate providers about Medicare FFS billing requirements
- Perform medical review

MMA Section 911 also requires us to use provider satisfaction as 1 way to measure MAC performance. This requirement builds on Executive Order 12862, which requires federal agencies to survey customers to:

- Find out the kind and quality of services they want and how satisfied they are with the services they’re already getting
- Keep improving practices and operations

We developed the MAC Customer Experience (MCE) Program to meet these requirements.

The MCE Program uses satisfaction surveys offered in a variety of ways (for example, on a website, in a pop-up, by link, etc.) to measure provider satisfaction with MAC services.

Our MCE Program goals are to:

- Reduce survey fatigue
- Collect data we and the MACs can act on
- Raise response rates

We plan to use a series of short, targeted English and Spanish surveys to get feedback when providers interact with their MACs. The MCE Program:

- Gives us an overview of providers’ experiences and their overall MAC satisfaction
- Allows us to measure satisfaction with specific MAC functional areas like claims processing, enrollment, and appeals

This fast track request is 1 in a series we’ve submitted over time as part of the MCE Program. Specifically, this request is to collect feedback from Medicare providers and suppliers about their experience with the MACs’ contact center telephone process. Medicare providers and suppliers call into MAC provider contact centers when they have questions about the Medicare program.

DESCRIPTION OF RESPONDENTS:

Respondents include, but aren't limited to, Medicare providers; Medicare suppliers; provider or supplier staff; billing agencies; and clearinghouses. These respondents interact with the MACs' contact center staff and content on these MAC websites:
