Community Assistance Visit (CAV) Community Visit Report Screens in the NFIP Community Information System (CIS)

https://sso.fema.net/cis/homepage.action

PAPERWORK BURDEN DISCLOSURE NOTICE O.M.B. No. 1660-0023 Expires 4/30/2017

Public reporting burden for this data collection is estimated to average 60 hours per response. The burden estimate includes the time for preparing for the CAV field tour and meeting, conducting the field tour, conducting the meeting, searching existing data sources, writing the report, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is required to obtain or retain benefits. You are not required to respond to this collection of information unless it displays a valid OMB control number. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW, Washington, DC 20472, Paperwork Reduction Project (1660-0023)

Account must be requested from NFIP CIS Administrator where Read, Add, Edit Rights provided based on Need. Once approved, the user automatically signs in with PIV card. Select Community Information System.

Home Search Previous Search Community CRS CAC/CAV Maps SOS	IN 1998 the U.S. Congress established the National Flood insurance Program (NEP) making flood insurance available to residents of communities that adopt and enforce floodplain management ordinances. The NEPP 2015 (Community information System) is the discall record of the National Flood insurance information. The CIS, as the database system is commonly called, provides information about longbain management, mapping and insurance for the NEP communities. The CIS includes demographic, engineering, insurance and community specific information for jurisdictions in the United States that are dentified as floodprove.
