DEVELOPMENT PROPOSAL**

**U.S. Department of Housing
and Urban Development**
Office of Public and Indian Housing

OMB Approval No. 2577-0275
(exp. 1/31/2019)

Public reporting burden for this collection of information is estimated to average 16 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number. This collection of information is required for developing a Mixed-Finance rental project pursuant to HUD regulations 24 CFR 905. The information will be used to provide HUD with sufficient information to enable a determination that the proposed housing project is demographically and financially feasible and that HUD statutory and regulatory requirements have been met.

Pursuant to 24 CFR 905.606, prior to developing public housing, either through new construction or through acquisition (with or without rehabilitation), public housing authorities (PHA) must submit a Development Proposal to HUD which contains information about the project. Submission of a Development Proposal allows HUD to assess the viability and financial feasibility of a proposed development and to assure compliance with public housing regulations.

A Development Proposal must be submitted for all types of public housing development, including mixed-finance development. If a PHA does not submit a Development Proposal and secure HUD approval, the PHA may have to repay any public housing funds used in conjunction with the project.

The purpose of this document is to provide a template for preparation of the Development Proposal. Information may be typed directly into the form. This template may be used for all types of public housing development. However, it is required to be used for mixed-finance public housing development. This document replaces the previously used Rental Term Sheet (HUD form 50030). This document may also be modified by HUD for use with projects including development of non-public housing units through programs such as Choice Neighborhoods, RAD, or Moving to Work.

This document, along with its attachments, generally includes all information required to be included in a Development Proposal, though HUD reserves the right to request additional information or to require less information to carry out its review. In addition, for mixed-finance projects, this document identifies additional documentation needed to allow HUD to complete a Subsidy Layering Analysis for the project, as required under section 102(d) of the HUD Reform Act of 1989. Note that this Subsidy Layering Analysis does not satisfy the subsidy layering requirements related to Housing Choice Vouchers.

For non-mixed-finance public housing development, the Development Proposal and all attachments must be submitted to the appropriate HUD Field Office.

For mixed-finance projects or other non-public housing development, Development Proposals and all attachments must be submitted to HUD Headquarters, Office of Public Housing Investments. PHAs should work with their assigned HUD Project Manager to prepare the Development Proposal. Submission must be made well in advance of closing to allow adequate time for review and approval.
