

NAVSUP Enterprise Web (NEW)

WorkFlow Pro – Mod Assist Application – Contractor Access and Use

The WorkFlow Pro Vendor application is an internet based electronic business system developed by NAVSUP that is contained within NAVSUP Enterprise Web. The WorkFlow Pro Vendor application allows DON vendors with existing contract agreements, to submit their post award modification requests to NAVSUP Civilian or Military contracting officers.

Authorized Users can perform the following functions:

1. Check Account Status
2. Create a New Contract Modification Request
3. View status of Previously submitted Contract Modification Requests
4. Change User Password

The Mod Assist application is intended to streamline the process for Contractors to request contract modifications and to improve recordkeeping for Navy and Contractor personnel.

Vendor Modifications Dashboard

We're excited to introduce you to WorkflowPro!

Welcome to the Vendor Modifications Dashboard. This application will allow for increased visibility of open modification requests for our vendor base. In addition this application will allow for better prioritization and communication between NAVSUP WSS N7 and the WSS Vendor base.

Additional functionality is expected to be added over time.

Should you have any feedback, please contact Chris Daubert or Chris Espenshade.

Vendor Tasks

You can perform the following tasks.
