

Subject line: Your child is invited to participate in a survey on tobacco and public health!

We are recruiting youth age 13-17 to participate in a new survey about tobacco and public health. Your child's participation in this survey can help researchers at Johns Hopkins University understand tobacco use in adolescents and young adults. The survey should take approximately 20 minutes to complete.

Points:

If your child qualifies and completes this survey, you will earn 150 Points. It will take 1-2 weeks for your points to be credited to your account, and until then your Survey Status may indicate "Started".

Link:

For your child to participate in the survey, simply have them click on the link below (or paste the link into their browser). When they click on the link, they will first be taken to a page with more information about the survey.
