Agency Information Collection Activities: Submission for OMB Review, Comment Request; National Flood Insurance Program Policy Forms

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30 Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission seeks comments concerning information collected for the selling and servicing of National Flood Insurance Program (NFIP) policies by FEMA's direct servicing agent, NFIP Direct.

DATES: Comments must be submitted on or before March 24, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or Joycelyn Collins, Underwriting Branch Program Analyst, Federal Insurance Directorate, at 202-701-3383 or Joycelyn.Collins@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The NFIP is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The National Flood Insurance Act of 1968 requires FEMA to provide flood insurance at full actuarial rates, reflecting the complete flood risk to structures built or substantially improved, on or after the effective date for the initial Flood Insurance Rate Map for the community, so that the risks associated with buildings in flood-prone areas are borne by those located in such areas and not by taxpayers at large. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities that participate in the NFIP.

FEMA also proposes changes to this information collection to implement a revised risk rating methodology that will apply to all policies issued or renewed on or after October 1, 2021. This revised methodology will require FEMA to collect new information necessary to sell and service flood

insurance policies. However, the revised methodology is not expected to increase the overall information collection burden on the public due to the use of data from sources other than policyholders. As a result of this revised methodology, FEMA proposes to modify FEMA Forms FF-206-FY-21-117 (formerly 086-0-1), FF-206-FY-21-118 (formerly 086-0-2), and FF-206-FY-21-119 (formerly 086-0-3).

During the transition to the revised rating methodology, FEMA still needed to maintain the existing forms in this information collection. As a result, FEMA added FEMA Forms 086-0-1T, 086-0-2T, 086-0-3T, and 086-0-5T to this information collection. Now that the transition to the revised risk rating methodology has been completed, effective April 1, 2022, FEMA has discontinued the use of these forms and is removing them from this information collection.

This proposed information collection previously published in the **Federal Register** on December 7, 2022, at 87 FR 75060 with a 60 day public comment period. One complimentary comment was received and FEMA thanks the commentor. This notice also corrects a minor typographical error in the previously published notice, which listed the number of respondents as 372,522 when the correct number of respondents is 372,422. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

[Docket ID: FEMA-2022-0045; OMB No. 1660-0098]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; FEMA Citizen Responder Programs Registration

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30 Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission seeks comments concerning FEMA's Citizen Responder programs registration. These programs include Community Emergency Response Teams (CERTs) and Citizen Corps Councils.

DATES: Comments must be submitted on or before March 24, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or Andy Burrows, Branch Chief, Preparedness Behavior Change Branch, Individual and Community Preparedness Division, FEMA, 400 C Street SW, Washington, DC 20024, 202-716-0527, andrew.burrows@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Post Katrina Management Reform Act (PKEMRA), codified within title 6 U.S.C. requires the FEMA Administrator to provide Federal leadership necessary to prepare for, protect against, respond to, recover from or mitigate against a natural disaster, act of terrorism, or other man-made disaster. This

responsibility includes planning, training, and building the emergency management profession by building a comprehensive incident management system with Federal, state, and local government personnel, agencies and authorities, and helping the emergency response providers to effectively respond. See 6 U.S.C. 314. As part of this responsibility to help and support emergency response providers, FEMA supports efforts to train and assist in organizing citizen responder programs. With E.O. 13254, *Establishing the USA Freedom Corps* (67 FR 4869, Feb. 1, 2002) Citizen Corps was launched as a Presidential Initiative on January 29, 2002, with a mission to harness the power of every individual through education, training, and volunteer service to make communities safer, stronger, and better prepared for the threats of terrorism, crime, public health issues, and disasters of all kinds.

Another FEMA Citizen Responder program, the CERT was originally developed and implemented by the Los Angeles City Fire Department in 1985. Since 1993 when this training was made available nationally by FEMA, communities in 28 states and Puerto Rico have conducted CERT training. FEMA supports CERT by conducting or sponsoring Train-the-Trainer and Program Manager courses for members of the fire, medical and emergency management community.

To fulfill its mission, FEMA's Individual and Community Preparedness Division (ICPD) will collect information from Citizen Corps Councils and CERT Programs through the Citizen Responder online registration form. The Citizen Responder registration form will allow FEMA as well as state, local, Tribal and territorial personnel to evaluate whether prospective Councils/CERTs have the support of the appropriate government officials in their area, ensure a dedicated coordinator is assigned to the program, and provide an efficient way to track the effectiveness of the nationwide network of Councils and CERT programs.

This proposed information collection previously published in the **Federal Register** on December 5, 2022, at 87 FR 74434 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.
