Privacy Act Statement

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801, *et seq.*

Purpose: In order to manage U.S. fisheries, the NOAA National Marine Fisheries Service (NMFS) requires the use of permits or registrations by participants in the United States. A QS permit is required for processors participating in the PCTC Program in the Bering Sea and Aleutian Islands (BSAI). As the selection process for the QS holders has ended, no new QS permits will be issued; a QS permit may only be obtained through transfer. The information requested on this form is used to manage the QS permit. The information requested is for the express purpose of ensuring that transfers of QS permits are properly executed as requested by the parties to the transfer and to ensure that all provisions of the Federal regulations governing the transfer of such licenses (50 CFR 679.130) have been met.

Routine Uses: Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among authorized staff for work-related purposes. Disclosure of this information is also subject to the published routine uses identified in the Privacy Act System of Records Notice [COMMERCE/NOAA-19, Permits and Registrations for the United States Federally Regulated Fisheries](#). All information collections by NMFS Alaska Region are protected under confidentiality provisions of section 402(b) of the Magnuson-Stevens Act as amended in 2006 (16 U.S.C. 1801, *et seq.*) and under NOAA Administrative Order 216-100, which sets forth procedures to protect confidentiality of fishery statistics.

Disclosure: Furnishing this information is required to obtain or retain benefits. Failure to provide complete and accurate information will prevent NMFS from transferring the QS permit and any QS assigned to that permit or transferring the

PCTC Program QS that exceeds the use cap separate from that permit.

**Instructions for the
Application for Transfer of PCTC Program QS Permit for Processors**

A PCTC Program processor who wishes to transfer their PCTC Program permit and any QS assigned to that permit or wishes to transfer their PCTC Program QS that exceeds the use cap separate from that permit must submit a complete application that is approved by NMFS.

NMFS will approve a request for transfer of a PCTC Program QS permit to another processor and any QS assigned to that permit if that QS permit is not in excess of the use cap specified in § 679.133 at the time of transfer provided the persons are qualified to receive QS by transfer. However, the Regional Administrator will not approve a transfer of any type of QS that would cause a person to exceed the maximum amount of QS allowable under the use limits.

NMFS will process a request for transfer of a PCTC Program QS permit provided that an application is completed, with all information fields accurately filled in, and all required additional documentation is attached.

NOTE: In addition to providing the information required in the application, a copy of the terms and conditions of the transfer agreement must be attached. Such documentation may consist of a bill of sale, promissory note, or other document that reveals the contraction terms between the parties.
