

# 11th Annual Symposium on Global Cancer Research: Participant Satisfaction Survey

Thank you for your participation in the 11th Annual Symposium on Global Cancer Research, "Closing the Research-to-Implementation Gap". The Scientific Steering Committee is seeking input on whether we achieved the Symposium's core objectives and ideas to improve future Symposia. The objectives of this three-day virtual Symposium on Global Cancer Research were to: (1) convene a pre-symposium virtual workshop for scientists, interested in a career in global cancer research to discuss challenges and opportunities to seeking and receiving mentorship in global cancer research; (2) provide a venue for the global oncology research community to exchange information and identify potential areas for collaboration; (3) develop strategic priorities for advancing the field of global oncology; (4) share initiatives that are reducing the burden of cancer in low resource settings; and (5) create opportunities for researchers and program implementers from low resource settings to present their work. This survey is voluntary, anonymous, and should take approximately 5 minutes of your time.

Thank you,  
ASGCR 2023 Scientific Steering Committee

OMB No.: 0925-0642
