2023 DSCA Communications and Training Survey

The NIH Division of Scientific Categorization and Analysis (DSCA) invites you to complete the 2023 DSCA Communications and Training Survey.

DSCA will use information gathered from the survey to evaluate our communications to NIH staff involved in the process to produce the official categorical spending reports. The data collected will also be used to improve training experiences and plan future training offerings. Your responses are confidential. This survey should take approximately 10 minutes to complete.

Please click the following link to complete this brief survey: [LINK](#)

If you have any questions regarding the survey, please contact the RCDC Mailbox, at RCDC@mail.nih.gov.

Thank you for your participation,
Thank you,
The RCDC Team

Questions?
