

K99 recipients

Dear Dr. X,

NCI is conducting an analysis of our K99/R00 Pathway to Independence program. As an NCI K99/R00 awardee, NCI values knowing why you applied and how this career development award helped you compete for an independent cancer researcher position.

In this effort, please complete this 3-question survey at [X](#) before March 15th. The survey should take approximately 1 minute to complete.

Thank you, and all the best in 2023!

Susan

Non K99 recipients

Dear Dr. Name,

NCI is conducting an analysis of our K99/R00 Pathway to Independence program and would like to know why some cancer researchers do not apply for this career development award. Since you have successfully secured a substantial NCI award as an early-stage investigator without applying to the K99/R00 program, we seek your input.

In this effort, please complete this 3-question survey at [X](#) before March 15th. The survey should take less than 1 minute to complete.

Thank you, and all the best in 2023!

Susan
