

EVALUATION OF COVERAGE TO CARE IN COMMUNITIES

Appendix D

Support Letter from CMS OMH

(NEW ASSIGNED OMB NUMBER)

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is **(NEW ASSIGNED OMB NUMBER)**. The time required to complete this information collection is estimated to average **[Insert Time (hours or minutes)] (Expiration Date)** per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850. ***CMS Disclaimer*** **Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained.**

Appendix D: Support Letter from CMS OMH

This letter will be included with all invitations to participate in the online partner survey.

Dear Colleague,

My name is LaShawn McIver, and I am the Director of the Office of Minority Health at the Centers for Medicare & Medicaid Services (CMS). In 2014, CMS launched *From Coverage to Care* (C2C), an initiative to help people understand their health insurance benefits, connect to primary care, and access the preventive services that are right for them so they can live a long and healthy life. As part of a continuous improvement process, we are interested in speaking with community-based organizations, such as yours, that may have used C2C materials or might benefit from using C2C materials in your community.

We would like to learn more about:

- What materials you use to help connect consumers to health care services
- Whether you have used C2C materials, and if so:
 - How your organization first learned about C2C and how you used C2C materials;
 - How your organization disseminated information about C2C to consumers and other organizations; and
 - What impact you see C2C having on consumers and your community

We are working with Pacific Institute for Research and Evaluation (PIRE) to conduct this survey. We hope you will agree to share your insights. The survey will take approximately 20 minutes, and your comments will be used to help inform C2C moving forward. Please click on the link they have provided to complete the online survey.

If you have questions or if there is someone else in your organization that you believe would be more appropriate for us to speak with, please respond to the PIRE survey team (bscarbrough@PIRE.org) with their name and contact information.

To learn more about C2C, please visit our website at go.cms.gov/c2c.

Thank you for your time and consideration.

Sincerely,

1/28/2021

 LaShawn McIver
