

Instrument 1: Proposed Questions

The following questions are examples of questions to be used to solicit feedback from child welfare agency staff throughout a presentation that summarizes the PAGI Toolkit resources. We will use these questions in an open discussion, chat, and polls.

- Which tools do you think would be of most benefit to your agency and why?
- Which tools do you think would be the most feasible for your agency to implement? Why?
- Which tools would be the most difficult for your agency to implement? Why?
- What concerns do you have about the feasibility of using these tools?
- What challenges do you see to using a spreadsheet such as this one to track instability?
- What challenges do you see to using the well-being template as an opportunity to better understand post adoption and guardianship instability?
- What additional information is needed to implement a comprehensive way to track post adoption and guardianship instability?

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to help state child welfare agencies develop more systematic data systems to track instability outcomes in children who exit foster care to adoption or guardianship. Public reporting burden for this collection of information is estimated to average 24 minutes per respondent, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0401 and the expiration date is 06/30/2024. If you have any comments on this collection of information, please contact Heather Ringeisen (hringeisen@rti.org).
