

Annual Alliance Evaluation: Regional and Area Office Alliances

Alliance Program participants agree to meet fundamental requirements as a condition of their participation in the Program. At the end of each fiscal year, the Alliance Coordinator uses the checklist below to evaluate and document the extent to which each Alliance fulfilled each requirement.

Directions: Mark whether the Alliance “Meets,” “Meets in Part” or “Did Not Meet” each item related to the eight fundamental requirements. Use the “Justification/Notes” section to support selections, and spotlight successes or opportunities for improvement, as appropriate.

Share the results of the evaluation with the Alliance participant(s) timely and use to facilitate a discussion about successes and opportunities for improvement in the next fiscal year. Where a trend needing improvement is noted from year to year, discuss and determine a course of action with the Alliance participant(s).
