

**SUPPORTING STATEMENT FOR  
PAPERWORK REDUCTION ACT SUBMISSION  
Family Reunification Assistance for Afghan Parolees**

**Form DS-4317  
OMB Number 1405-0251**

**A. JUSTIFICATION**

1. *Why is this collection necessary and what are the legal statutes that allow this?*

The information on this form is requested pursuant to 5 U.S.C. 301 (Secretary of State's authorities with respect to Management of the Department of State), 22 U.S.C. 2651a (Organization of the Department of State); and 8 U.S.C. 1101-1537 (Immigration and Nationality Act of 1952, as amended).

2. *What business purpose is the information gathered going to be used for?*

The U.S. Government agreed that Afghans paroled under Operation Allies Welcome or those paroled then subsequently granted Temporary Protected Status (TPS), could request U.S. Government-supported family reunification support for their spouses and unmarried children under 21.

The State Department needs to identify people who are eligible for this program. While the State Department has, to date, been relying on incoming requests via email to manage the intake of these requests, State requires a publicly-advertised system that is sustainable and efficient and that enables data validation with U.S. Government databases.

To rectify these inefficiencies and others, the Department proposes using an online form available on the Department's website to acquire the most current and accurate data possible to inform its relocation assistance efforts. It will enable the Department to build a current picture of how many Afghans may be eligible for relocation and to progress with assisting them to depart Afghanistan. The online form helps avoid unstructured requests for assistance, such as those that arrive via e-mail messages, which may not include important information, such as family size and their biodata, and which often require entry into other systems in order to facilitate responses. This form is integrated with other elements of the Department's evolving information technology platform used in crisis-management situations, enhancing the efficient handling of individual cases.

3. *Is this collection able to be completed electronically (e.g. through a website or application)?*

The collection will be completed 100% electronically. The respondent accesses the form on the Department of State's <https://www.state.gov/afghanistan-family-reunification>. The Department of State acknowledges that under M-17-06 "Policies for Federal Agency Public Websites and Digital Services," official public-facing websites are expected to be hosted on a .gov or .mil domain.

The respondent in the United States fills out the form with their own data and data on eligible family in Afghanistan. The information is received into the online platform, which is controlled by the Department of State.

4. *Does this collection duplicate any other collection of information?*

This collection will not duplicate any other collection of information.

5. *Describe any impacts on small business.*

There is no impact on small business.

6. *What are consequences if this collection is not done?*

If this information is not collected, eligible family members may not be able to be reunified with their family members in the United States, thus U.S. Government guidance will not be followed to reunify. The immediate family of parolees relocated through OAW are reportedly suffering mental anguish while without family in the U.S.

7. *Are there any special collection circumstances?*

No.

8. *Document publication (or intent to publish) a request for public comments in the Federal Register*

The Department received emergency approval of this information collection, and is requesting a revision. See paragraph 15.

9. *Are payments or gifts given to the respondents?*

No.

10. *Describe assurances of privacy/confidentiality*

All information will be handled in accordance with the Fair Information Practice Principles identified in OMB Circular No. A-130, "Managing Information as a Strategic Resource" and the confidentiality provisions of the INA (8 U.S.C. § 1202(f)), as applicable. Information collected from the form will be used by Department of State employees and contractors to assist in providing relocation assistance. Department of State entities that may require access to this information are: Office of the Coordinator for Afghan Relocation Efforts, Bureau of Population, Refugees, and Migration, and the Bureau of Consular Affairs.
