Survey of Foreign Language and Area Studies (FLAS) Fellows Postgraduate Employment, Education, and Training Outcomes

Initial Intake Survey

Public Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1840-0829. Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions. The obligation to respond to this collection is voluntary. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, application or survey, please contact Dana Sapatoru, Education Program Specialist, International and Foreign Language Education Office, U.S. Department of Education, at dana.sapatoru@ed.gov, directly.

Privacy Act Statement

The Foreign Language and Area Studies (FLAS) Fellowships program is authorized by 20 U.S.C. §1122(b) and provides allocations of academic year and summer fellowships to institutions of higher education or consortia of institutions of higher education to assist meritorious undergraduate and graduate students undergoing training in modern foreign languages and related area or international studies. This is a survey of FLAS fellows required by 20 U.S.C. §1121(d) which states "The Secretary shall assist grantees in developing a survey to administer to students who have completed programs under this subchapter to determine postgraduate employment, education, or training. All grantees, where applicable, shall administer such survey once every two years and report survey results to the Secretary." The purpose of the survey is to collect information about the postgraduate employment, education, or training of FLAS fellows, the global competencies (including language skills and area studies knowledge) acquired during their fellowship, and the extent to which receiving a FLAS fellowship may have contributed to the forementioned. Your responses will contribute to the design of improved Federal student assistance programs.

The identifiable information about fellows that have responded to the survey is covered by the SORN entitled "Title VI Foreign Language and Area Studies Fellowships (FLAS)" (18-12-01) (this SORN is accessible at the Department's webpage on Privacy Act System of Record Notice Issuances at: <https://www2.ed.gov/notices/ed-pia.html>). Such information may be disclosed without the consent of the fellow, on a case-by-case basis that meets the requirements of the Privacy Act of 1974, as amended, to third parties as authorized under routine uses published in the foregoing SORN.

Your participation is voluntary and there are no consequences if an individual chooses not to participate or not to respond to specific questions on the survey. Your answers to this survey are confidential and anonymous, and no individual responses can be identified or traced. Only aggregate measures of the responses to this survey will be made available to the public. For examples of how the results from this survey may be shared, please see the [International and Foreign Language Education FLAS Performance](#) website for previous survey reports.

Introduction

The International and Foreign Language Education (IFLE) Office at the Department of Education thanks you for participating in this study. We rely on your accurate responses on this survey to report correctly on the outcomes of this program.

If you wish to change your response on a question, please use the "back" button on the survey to return to the question you would like to change. Please note that the form does not allow you to save the survey and return to the questions later; rather, you must complete the entire survey and submit for your responses to be complete and valid.
