Part 107 Waivers & Airspace Authorizations

Part 107 operators may use the FAADroneZone to request an operational waiver to certain requirements of the Small UAS Rule (Part 107) and/or an airspace authorization in controlled airspace below 400 feet.

Operational Waivers: Before you apply for a waiver, review the resources below.

- Overview of the Part 107 waiver applications and review process
- Waiver Application Instructions
- Waiver Safety Explanation Guidelines: These guidelines are intended to help you complete the Waiver Safety Explanation field in the operational waiver application.

Airspace Authorizations: Before you apply for an airspace authorization, review the guidelines below.

Airspace Authorizations through the Low Altitude Authorization and Notification Capability (LAANC)

- 3 Denied

New Part 107 Waiver/Authorization Application

Please select one of the following to start your Application (required).

- OPERATIONAL WAIVER:** Use this to request a waiver to the provisions of Part 107 waivable under 14 C.F.R. 107.200 (e.g., operations at night, operations from a moving vehicle, operation beyond line of sight, operation over people, operation requiring a visual observer, operations of multiple UA by one pilot, operation near aircraft, or waivers from operating limitations on groundspeed, altitude, minimum visibility, or minimum distance from clouds).
- AIRSPACE AUTHORIZATION:** Use this to request access to controlled airspace. An airspace authorization is the mechanism by which an operator may seek Air Traffic Control (ATC) approval to operate in controlled airspace. Authorizations can be for a specific location or for broad areas governed by a single ATC jurisdiction.
