

## COMPLIANCE AGREEMENT

Between

*Ditta Barilla Alimentare SpA, Est. No. 1549 L*  
*Via Mantova 166, 43099 Parma, Italy*

And

U.S. DEPARTMENT OF AGRICULTURE (USDA)  
ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)

This document is to certify that *Establishment No. 1549 L*, will:

1. Process pork-filled past products using either cooked pork products, which have been cooked according to USDA's regulations 9CFR, 94.12 (b)(1)(i),(ii), or (v), for export to the United States only in the USDA approved facility or dry-cured pork products, which have been dry-cured according to USDA's regulations 9CFR, 94.17, for export to the United States only in the USDA, APHIS approved facility.
2. Maintain at the processing (pork-filled past products) establishment, for at least 2 years, copies of the following documents on each lot of pork-filled past product:
  - a) The date that the cooked or dry-cured pork product was received in the processing facility;
  - (b) The number of packages, the number of hams or cooked pork products per package, and the weight of each package;
  - (c) A lot number or other identification marks;
  - (d) The health certificate that accompanied the cooked or dry-cured pork product from the slaughter/processing facility to the meat-filled pasta product processing facility; and
  - (e) The date that the pork or pork product used in the pasta started dry curing (if the product used is a dry-cured ham) or the date that the product was cooked (if the product used is a cooked pork product).
3. Be responsible to see that all provisions of paragraph (c) of 9CFR, 94.12 have been complied.
4. Be responsible to see that the pork-filled past products exported to the United States are accompanied by a certificate issued by a full-time salaried veterinarian employed by the National Veterinary Service of the government of *Italy*, stating that the pork products used were either cooked according to Section 94.12 (b)(1)(i),(ii), or (v), or dry-cured according to Section 94.17, Title 9 of the CFR and that pasta products were processed according to 94.12 (c).
5. Allow USDA, APHIS inspectors to make unannounced inspections to monitor compliance with this agreement. If the USDA, APHIS inspector determines that the establishment fails to comply with this agreement, approval from USDA, APHIS will be canceled, and further exports of dry-cured pork products to the United States shall be stopped. Any appeals for cancellation must be directed to the Administrator, USDA, APHIS, within 10 days after receiving notification of the cancellation.
