

Pacific Council and the Pacific Council's Scientific and Statistical Committee are scheduled to consider these draft assessments for use in informing management decisions at their September 2023 meeting in Spokane, WA.

Although nonemergency issues not contained in the workshops' agendas may be discussed, those issues may not be the subject of formal action during these workshops. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the workshop participants to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; (503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 24, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Socioeconomics of Coral Reef Conservation, the Commonwealth of the Northern Mariana Islands 2024 Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 25,

2021 (86 FR 6876) during a 60-day comment period and again on April, 16, 2021 (86 FR 20120) during a 30-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Socioeconomics of Coral Reef Conservation, the Commonwealth of the Northern Mariana Islands 2024 Survey.

OMB Control Number: 0648-0646.

Form Number(s): None.

Type of Request: Regular (revision to an existing information collection).

Number of Respondents: 1,600.

Average Hours per Response: 20 minutes (0.33 hours).

Total Annual Burden Hours: 533 hours.

Needs and Uses: This request is for a revision to a currently approved hybrid-generic information collection under OMB Control Number 0648-0646. This request adds materials for jurisdictional implementation in the Commonwealth of the Northern Mariana Islands (CNMI).

The information collection is part of the National Coral Reef Monitoring Program (NCRMP), which was established by the National Oceanic and Atmospheric Administration (NOAA) Coral Reef Conservation Program (CRCP) under the authority of the Coral Reef Conservation Act of 2000. The CRCP was created to safeguard and ensure the welfare of the coral reef ecosystems along the coastlines of America's states and territories. In accordance with its mission goals, NOAA developed a survey to track relevant information regarding each jurisdiction's population, social and economic structure, the benefits of coral reefs and related habitats, the impacts of society on coral reefs, and the impacts of coral management on communities. The survey is repeated in each jurisdiction every five to seven years in order to provide longitudinal data and information for managers to effectively conserve coral reefs for current and future generations.

The purpose of this information collection is to obtain human dimensions information from residents in the Commonwealth of the Northern Mariana Islands. Specifically, NOAA is seeking information on the behaviors and activities related to coral reefs, as well as information on perceptions of coral reef conditions and attitudes toward specific reef conservation activities. The survey has a core set of questions that are the same for all jurisdictions to allow for information to be tracked over time. To account for geographical, cultural and linguistic

differences between jurisdictions, the survey questions include items that are specific to the local context and developed based on jurisdictional partner feedback.

We intend to use the information collected through this survey instrument for research purposes, as well as for measuring and improving the results of our reef protection programs. Because many of our efforts to protect reefs rely on education and changing attitudes toward reef protection, the information collected will allow CRCP to ensure that programs are designed appropriately at the start, future program evaluation efforts are as successful as possible, and outreach efforts are targeting the intended recipients with useful information.

Affected Public: Individuals or households.

Frequency: Every 5-7 years.

Respondent's Obligation: Voluntary.

Legal Authority: Coral Reef Conservation Act of 2000.

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NOAA Teacher at Sea Program

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance

with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 4, 2022 (87 FR 66658) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration, Commerce.

Title: NOAA Teacher at Sea Program Application.

OMB Control Number: 0648–0283.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved collection).

Number of Respondents: 375.

Average Hours per Response:

Application: 1 hr. 15 min;

Recommendations: 15 minutes; NOAA Health Services Questionnaire and Tuberculosis Screening Document: 45 minutes; Follow-up Report: 2 hours.

Total Annual Burden Hours: 781.

Needs and Uses: This request is for extension of a currently approved information collection.

NOAA provides educators an opportunity to gain first-hand experience with field research activities through the Teacher at Sea Program. Through this program, educators spend up to 3 weeks at sea on a NOAA research vessel, participating in an ongoing research project with NOAA scientists. The application solicits information from interested educators including: basic personal information, teaching experience, and ideas for applying program experience in their classrooms, plus two recommendations and a NOAA Health Services Questionnaire required of anyone selected to participate in the program.

Once educators are selected and participate on a cruise, they write a report detailing the events of the cruise and ideas for classroom activities based on what they learned while at sea. These materials are then made available to other educators so they may benefit from the experience, without actually going to sea by themselves. This collection supports NOAA's mission by providing educators an opportunity to gain first-hand experience with field research activities through the Teacher at Sea Program.

NOAA does not collect information from this universe of respondents for

any other purpose than to determine which educators will participate in the NOAA Teacher at Sea Program.

Affected Public: Individuals—Educators.

Frequency: Once a year.

Respondent's Obligation: Voluntary.

Legal Authority: National Marine Sanctuaries Act.
