<p>Application for Amendment 80 Cooperative Quota (CQ) Permit</p>

A copy of the cooperative membership agreement or contract must be attached to this application.

A Cooperative Quota (CQ) permit is issued annually to an Amendment 80 cooperative that submits a complete and timely application for CQ that is subsequently approved by the Regional Administrator.

A CQ permit authorizes an Amendment 80 cooperative to participate in the Amendment 80 Program. NMFS will issue a CQ permit annually to an Amendment 80 cooperative if that Amendment 80 cooperative has submitted:

- ◆ A timely and complete application for Amendment 80 CQ.
Deadline: This completed application must be received by NMFS no later than 1700 hours A.L.T. on **November 1** of the year prior to the year for which the applicant wishes to participate in an Amendment 80 fishery, or if sent by U.S. mail, the application must be postmarked by that time.

- ◆ A timely and complete Annual Trawl Catcher/Processor Economic Data Report (EDR) for each member of the Amendment 80 cooperative holding Amendment 80 QS as described under § 679.94 that is subsequently approved by the Regional Administrator.
Deadline: The annual EDR submission deadline is **June 1** of the year following the year during which the A80 QS permit was held.

Pacific States Marine Fisheries Commission (PSMFC) has been designated by NMFS to be the Data Collection Agent for the Amendment 80 EDR program. PSMFC mails EDR announcements and filing instructions to Amendment 80 QS permit holders by April 1. You may also use the web based EDR form or download the EDR form in fillable PDF format. To request that a printed EDR be mailed to you, please call 1-877-741-8913, or email your request to edr@psmfc.org.

An Amendment 80 CQ Permit is valid until:

- The end of the year for which the Amendment 80 CQ fishery permit is issued;
- The Amendment 80 CQ fishery is closed by the Regional Administrator; or
- The permit is revoked, suspended, or modified pursuant to § 679.43 or under 15 CFR part 904.

A legible copy of the Amendment 80 CQ Permit must be carried on board the Amendment 80 vessels assigned to the Amendment 80 Cooperative.

PRIVACY ACT STATEMENT

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*

Purpose: NMFS uses information from this application to determine eligibility for a cooperative quota (CQ) permit, assign CQ to Amendment 80 (A80) cooperatives, determine the A80 species initial total allowable catch assignments, determine which vessels must be tracked for catch accounting, and review ownership and control information for various QS holders to ensure that QS and CQ use caps are not exceeded. An A80 CQ permit authorizes the A80 cooperative and vessels assigned to that cooperative to participate in the A80 CQ fishery.

Disclosure: Furnishing this information is voluntary; however, failure to provide complete and accurate information will prevent determination of eligibility for an A80 CQ permit.
