1. REPORTING PROCESS AND OPTIONS DISCUSSED WITH THE DOMESTIC ABUSE VICTIM ADVOCATE or THE FAP CLINICAL PROVIDER

I, _____ had the opportunity to talk with a: Domestic Abuse Victim Advocate (DAVA), DAVA supervisor, FAP clinical provider, or Healthcare Provider (HCP) (Specify) _____, before selecting a reporting option.

2. I have been provided the following information on the reporting options and initial below to indicate my understanding of the terms of that selection.

2a. UNRESTRICTED REPORTING - REPORTING A CRIME WHICH IS INVESTIGATED (Restricted reporting is limited to adult domestic abuse victims who are eligible to receive medical care from the DoD per Section 5.3 of DoDI 6400.06.)

INITIALS I understand that law enforcement and command will be notified that I am a victim of domestic abuse and an investigation will be started. I understand that I can receive medical treatment, advocacy services, and counseling. The full range of victim protection actions may be available to me, such as being separated from the alleged abuser, obtaining a military protection order and/or obtaining a civil protection order.

2b. RESTRICTED REPORTING - CONFIDENTIALLY REPORTING A CRIME WHICH IS NOT INVESTIGATED

INITIALS a. I understand that there are exceptions to "Restricted Reporting" (listed below). If an exception applies, limited or full details of the abuse report may be disclosed to satisfy the exception.

INITIALS b. I understand that I can confidentially receive medical treatment, advocacy services, counseling, and Special Victim's Counsel or Victims Legal Counsel (SVC/VLC), but law enforcement and command will NOT be notified. My report will NOT trigger an investigation; therefore, no action will be taken against the abuser as the result of my report.

INITIALS c. I understand that all state laws, local laws or international agreements that may limit some or all of DoD's restricted reporting protections have been explained to me. In _____, medical authorities must report the domestic abuse to _____.

INITIALS d. I understand that the DAVA, FAP clinical provider, or their supervisor will provide information that does not reveal the identity, nor that of the alleged abuser, to the command. The purpose of this information is required for public safety, providing command information on the types of domestic abuse in their command and to enhance command's ability to provide a safe environment.

INITIALS e. I understand that by choosing "Restricted Reporting," the full range of victim protection actions may not be available, such as being separated from, or obtaining a military protection order against, the alleged abuser.

INITIALS f. I understand that if I talk about my abuse to anyone other than designees under the "Restricted Reporting" option (DAVA, DAVA supervisor, FAP clinical provider, or Health Care Provider), it may be reported to the command and law enforcement, which could lead to an investigation. I understand that I may also confide in a Sexual Assault Response Coordinator, sexual assault victim advocate, Military One Source Provider, Military Family Life Counselor, Prevention personnel under the Family Advocacy Program, and/or the Chaplain and still preserve the option of a restricted report.

INITIALS g. I understand that I may change my mind and later decide to report this abuse incident as an "Unrestricted Report," and law enforcement and the command will be notified. I also understand that delayed reporting may limit the ability to prosecute the alleged abuser. I understand that if the case goes to court, my DAVA, FAP clinical provider, and others providing care may be called to testify about any information I shared with them.

3. I have been advised of the following reasons as Exceptions on Restricted Reporting, including: (Include all from the list)

EXCEPTIONS TO RESTRICTED REPORTING

In cases in which a victim elects restricted reporting, the prohibition on disclosing covered communications to the following persons or entities will be suspended when disclosure would be for the following reasons:

1. Named individuals where disclosure is authorized by the victim in writing.
2. Command or law enforcement when necessary to prevent or lessen a serious and imminent threat to the health or safety of the victim or another person, including dependent children.
3. FAP personnel or HCP when reporting information of the incident to command and/or law enforcement is necessary to prevent or lessen a serious and imminent threat to the health or safety of the victim or another person, including dependent children.
4. FAP and any other agencies authorized by law to receive reports of child abuse or neglect when, as a result of the victim's disclosure, the DAVA, FAP clinical provider, or HCP has a reasonable belief that child abuse has also occurred. However, disclosure will be limited only to information related to the child abuse/neglect.
5. Disability Retirement Boards and officials when disclosure by an HCP is required for fitness for duty for disability retirement determinations. Disclosure will be limited to only that information which is necessary to process the disability retirement determination.
6. Supervisors of the DAVA, FAP clinical provider, or HCP when disclosure is required for the supervision of direct victim treatment or services.
7. Military or civilian courts of competent jurisdiction when a military, Federal or State judge issues a subpoena for the covered communications to be presented to the court, to officials or entities when the judge orders such disclosure; or to other officials or entities when required by Federal or State statute or applicable U.S. international agreement.
8. Restricted Reporting DOES NOT apply to cases of child abuse or neglect. ALL child abuse is reportable and when child abuse occurs as part of a domestic abuse incident, restricted reporting may be compromised.

INSTRUCTIONS

1. REPORTING PROCESS AND OPTIONS DISCUSSED WITH THE DOMESTIC ABUSE VICTIM ADVOCATE or THE FAP CLINICAL PROVIDER

In this section, the reporter (or identified victim making their election) will complete their name (first and last name), and identify the party or parties that were present to explain the available reporting options. In rare circumstances, a Healthcare Provider may be present for the discussion of reporting options information with the DAVA, DAVA supervisor, or FAP clinical provider (section 5).

2a. UNRESTRICTED REPORTING - REPORTING A CRIME WHICH IS INVESTIGATED

If the victim is electing to make an unrestricted report or does not have the restricted reporting option available due to the applicability of an exception, the individual will acknowledge understanding that law enforcement and command will be notified. Furthermore, the individual may be eligible to receive treatment, advocacy, and counseling services. The reporting preference form is not required to be completed in the event (1) the report of abuse was received from an official military or civilian agency which makes the incident ineligible for a restricted report, or (2) the victim is not eligible for a restricted report, as restricted reporting is limited to adult domestic abuse victims who are eligible to receive medical care from the DoD. When a report of child abuse is made as part of a domestic abuse allegation, the child abuse must be reported to the command, law enforcement, and child welfare services by FAP. The full range of victim protection actions may be available. (Section 5.2 of DoDI 6400.06)

2b. RESTRICTED REPORTING - CONFIDENTIALLY REPORTING A CRIME WHICH IS NOT INVESTIGATED

When the victim is eligible for, and does elect to make a restricted report, the individual will acknowledge each of the boxes (a through g). Restricted reporting is limited to adult domestic abuse victims who are eligible to receive medical care from the DoD. (Section 5.3 of DoDI 6400.06)

2b.a. The victim will acknowledge understanding that there are exceptions to "Restricted Reporting", as outlined in the EXCEPTIONS TO RESTRICTED REPORTING. If an exception applies, limited or full details of the abuse reported may be disclosed to satisfy the exception. (Section 5.3 of DoDI 6400.06)

2b.b. The victim will acknowledge understanding that they may confidentially receive medical treatment, advocacy services, counseling, and Special Victims Counsel or Victims Legal Counsel (SVC/VLC), and law enforcement and command will NOT be notified to open an official investigation.

2b.c. The victim will acknowledge receipt of information pertaining to all applicable laws in the state, country, or territory where they are making the restricted report. In instances where an exception would apply, the state will be noted, and the information regarding medical authorities being required to report the domestic abuse incident will be filled in this area.

2b.d. The victim will acknowledge understanding that the DAVA, DAVA supervisor, or FAP clinical provider will provide information that does not reveal their identity, nor that of the alleged abuser, to the responsible senior commander. The purpose of making such a report is for purposes of public safety, providing command information on the types of domestic abuse in their command, and to enhance the command's ability to provide a safe environment.

2b.e. The victim will acknowledge understanding that by electing to make a restricted report, the full range of victim protection actions will not be available to separate them from the alleged abuser.

2b.f. The victim will acknowledge that they are aware that if they confide in any person other than the personnel noted, then the preservation of their option to make a restricted report may be compromised. (Section 5.3 of DoDI 6400.06)

2b.g. The victim will acknowledge awareness that they may change their mind and later decide to report the abuse incident as an "Unrestricted Report," and law enforcement and the command will be notified. The victim should be advised and a discussion had about the fact that the report being converted may impact investigation and prosecution of the alleged abuser. If the case does go to court, the DAVA, FAP clinical provider, and others that are providing care may be called to testify in accordance with applicable state or local laws, the Uniformed Code of Military Justice or other statutes and policies.

3. This section provides information associated with the Exceptions on Restricted Reporting. The victim and advocate or provider reviewing this form will allot time for discussion of each of these exceptions in detail. (Section 5.3.c of DoDI 6400.06)

4. The victim will acknowledge being informed of available services that they are eligible for based on their present status (military or civilian member), and applicability of this section under a through e.

4f. When the victim is making a sexual abuse report, they will be informed about the processes and procedures outlined in (1) through (5).

5. The victim will select their desired reporting option election upon reviewing this form in its entirety with the DAVA, DAVA supervisor, or FAP clinical provider. In making an election, it will be reiterated that the victim may elect to go from a restricted report to an unrestricted report at a later time; however, an unrestricted report may not be converted to a restricted report at a later date/time. In the event that the victim did not have the option to make an election due to an exception or eligibility restriction, the DAVA, DAVA supervisor, or FAP clinical provider will thoroughly explain this to the victim.

5a. and 5d. The victim will complete their election by initialing one of the boxes (either restricted or unrestricted).

5c. through 5e. Completed by the victim with the noted information.

6a. through 6c. Completed by the FAP advocate or provider completing the form with the victim.

7. RESTRICTED REPORT CASE NUMBER. The RR case number is generated in accordance with DODI 6400.06 and the applicable Service policy.

8. This section will only be completed if and when a victim has reconsidered their previous election of a "Restricted Report" and would like to make an "Unrestricted Report" of domestic abuse to command and law enforcement in order to initiate a possible investigation. In instances where the report includes an allegation of sexual abuse, section 4f of this form should be re-reviewed with the victim.
