Community Resources Interview Introduction to **Interviewee (2.5 minutes)**

The Health Resources and Services Administration (HRSA) funded [insert name of state] to implement a Screening and Treatment for Maternal Depression and Related Behavioral Disorders (MDRBD) program. HRSA also funded JBS International, Inc. (JBS) to conduct an evaluation of the Maternal and Child Health Bureau (MCHB) MDRBD program (hereafter referred to as the HRSA MCHB evaluation). JBS is an independent evaluator of the program and is not part of HRSA or any other federal agency. *(Introduce team members, give brief description of qualifications, and describe functions during the interview).*

As part of the HRSA MCHB evaluation, we are conducting semi-structured interviews with cooperative agreement-funded program-level informal and formal community resource partner representatives to learn more about their collaboration/involvement with [insert name of state]'s HRSA MDRBD program. We have prepared some questions to make sure we cover everything. We welcome your thoughts and comments. We expect this will take about 30 minutes.

Your name and title will not appear in reports to HRSA, unless we specifically ask for your approval. Although we are taking detailed notes, we would also like to audio record the interview in case we need to verify our notes with the interview dialogue. Are you comfortable with us recording the interview?

Do you have any questions about what I have explained? If not, we'll get started.
