

Export of Raptors (CITES/MBTA)
New Reissue/Renew Amendment

APPLICATION FORM INSTRUCTIONS

The following instructions pertain to U.S. Fish and Wildlife Service (FWS) permit applications. The General Permit Procedures in [50 CFR 13](#) address the permitting process. For simplicity, all licenses, permits, registrations, and certificates are referred to as a permit.

If you are an individual, who would be named on the face of the permit, you need to complete the **Individual Applicant** section of this application.

If you are an individual seeking permits issued to yourself for activities not associated with your business or institution, you need to complete the **Individual Applicant** section as an individual permittee.

If you are an individual associated with a business or institution, and the business or institution's name would appear on the face of the permit, you need to complete the **Business Applicant** section of this application.

If you are a business applying on behalf of an individual, you need to complete the **Business Applicant** section of this application and include a limited power of attorney from the person for whom you represent.

A person/entity is qualified to obtain a U.S. Fish and Wildlife Service permit or license when they are "subject to the jurisdiction of the United States", per 16 USC 1532(13). A foreign person/entity with no permanent physical presence in the United States only qualifies for an import/export license when they physically enter or exit the U.S. with the wildlife items. The foreign entity is required to designate a U.S. agent for purposes of record keeping.

GENERAL INSTRUCTIONS:

- An incomplete application may cause delays in processing or may be returned to the applicant. Be sure you are filling in the appropriate application form for the proposed activity. Items marked with an asterisk (*) are required fields.
- Print clearly or type in the information. Illegible applications may cause delays.
- Sign the application. Faxes or copies of the original signature will not be accepted.
- If you choose to mail your submission, mail the original application to the address listed below or, if applicable, on the attached address list. We encourage electronic filing in the ePermits system.
- Keep a copy of your completed application.
- Please plan ahead. Unless otherwise indicated, allow at least 60 days for your application to be processed, however, some applications may take longer than 90 days to process (50 CFR 13.11). Longer processing times will be noted on those applications.
- Applications are processed in the order they are received.

Individual or Business Applicants:

Individual Applicant. **Complete if applying as an individual** [do not complete this application if applying for Import/Export License (3-200-3) or a Designated Port Exception Permit (3-200-2)]:

- Enter the information requested. Required fields must be completed. This is used to create your profile and consumer information in the ePermits system. **If you do not have an email address, enter not applicable.**
- **Doing business as (dba) / Affiliation:** The Division of Management Authority (DMA) and the Office of Law Enforcement (OLE) do **not** accept *doing business as* affiliations for individuals seeking permits on behalf of themselves. "Doing business as" affiliations apply to individuals seeking permits for a business, agency, Tribe, organizational, or institutional affiliation *directly* related to the activity requested in the application. For example, a taxidermist is an individual whose business can *directly* relate to the requested activity of exporting taxidermy (dba relevant permit); however, said taxidermist should not apply as a business for permits to non-business related travel with their pet exotic parrot (dba is **not** relevant to the permit; **complete** the **Business Applicant** section).

Business Applicant. Complete if applying as a business, corporation, public agency, Tribe, or institution:

- Enter the information requested. Required fields must be completed. This is used to create your contact and account information in the ePermits system. **If you do not have an email address, enter not applicable.**
- If you are applying on behalf of a client, a document evidencing **power of attorney** must be included with the application.
- **Principal Officer** is the person in charge of the listed business, corporation, public agency, Tribe, or institution. The principal officer is the person responsible for the application and any permitted activities. Often the principal officer is a Director or President.
- **The Contact** is the person at the business, corporation, public agency, or institution who will be available to answer questions about the application or permitted activities. Often this is the preparer of the application. Each person that is associated with the business that would need to access the business account needs to create their own contact in the ePermits system.

Application processing fee:

- An application processing fee is required at the time of application, unless exempted under 50 CFR 13. The application processing fee is assessed to partially cover the cost of processing a request. **The fee does not guarantee the issuance of a permit, nor will fees be refunded for applications for which processing has begun. Checks or money orders must be for the exact amount for each application submitted. If you are making more than one request, you must submit a separate payment for each request, otherwise your application will be returned.**
- **Documentation of fee exempt status is not required for applications submitted by Federal, Tribal, State, or local government agencies; but must be supplied by those applicants acting on behalf of such agencies.** Such applications must include a letter on agency letterhead and signed by the head of the unit of government for which the applicant is acting on behalf, confirming that the applicant will be carrying out the permitted activity for the agency.

CERTIFICATION:

- The individual identified in the Individual Applicant Section, the principal officer named in the Business Applicant Section, or person with a valid power of attorney (documentation must be included in the application) must sign and date the application. This signature legally binds the applicant to the statement of certification. You are certifying that you have read and understand the regulations that apply to the permit. You are also certifying that all information included in the application is true to the best of your knowledge. Be sure to read the statement and re-read the application and your answers before signing.

EXPORT OF RAPTORS (CITES/MBTA)

Provide the following information. Complete all questions on the application. Mark questions that are not applicable with "N/A". If needed, use a separate sheet of paper. On all attachments or separate sheets you submit, indicate the application question number you are addressing. If applying for more than one bird, be sure to indicate which bird is being addressed in each response.

NOTE: The FWS will not be able to issue documents for the commercial export of Appendix-I species unless the specimens were produced at a CITES-registered Appendix-I commercial breeding operation. For more information on registering an Appendix-I commercial breeding operation, contact the Division of Management Authority at managementauthority@fws.gov.

1. For EACH bird to be exported (you may use the table below):

- a. Scientific name (Genus, species, and, if applicable, subspecies) and common name:
- b. Hatch date and/or age class:
- c. Gender (if known):
- d. Source (indicate if the raptor was taken from the wild or captive bred):
- e. Band number:

a. Scientific Name	b. Hatch Date	c. Gender	d. Source	e. Band #

2. Current location of specimen:

3. What is the purpose of the export?

- Commercial
- Exhibition
- Scientific
- Breeding
- Other (specify: _____)

4. Provide the name and address of the recipient of the shipment (if self, provide address abroad):

Name:

Address:

City:

Country and Postal Code:

5. If the bird was wild collected:

- a. Provide information on the exact location of capture;
- b. Date of capture;
- c. Individual(s) capturing the bird; and
- d. History of transactions (e.g., FWS Form 3-186A)
- e. In addition, provide copies of all Federal, State, and local permits that allowed the capture of the bird.

6. If the bird was captive born:

If **you** are the breeder, provide a statement that the bird was bred and hatched at your facility. This statement must include:

- a. Name and address of your facility where the bird was bred and hatched;
- b. Hatch date, band/tag number, and sex of each specimen;
- c. Your federal raptor propagation permit number;
- d. State raptor propagation permit number; and
- e. Your signature and date.

If you are **NOT** the breeder of the specimen:

- f. Provide copies of documentation, such as FWS Form 3-186A, showing that you acquired the bird from the breeder;
- g. Documentation demonstrating the history of transactions (chain of custody of each bird);
- h. A signed statement from the breeder or breeder's record that includes:
 - i. Complete name and address of the breeding facility;
 - ii. That the bird was bred and hatched at his/her facility;
 - iii. Hatch date,
 - iv. Band/tag number, and
 - v. Sex of each specimen he/she bred;
 - vi. Breeder's Federal Raptor Propagation Permit number;
 - vii. Breeder's State Raptor Propagation Permit number; and
 - viii. Breeder's signature and date.

7. If applicable, provide a written certification from the appropriate Government Agency of the importing country that the recipient is an experienced falconer or raptor propagator who is required to maintain any raptors in his/her possession under the conditions that are comparable to the conditions under which a permittee must maintain raptors under 50 CFR 21.29 or 21.30. Certification is not required for shipments to the United Kingdom as long as the recipient has a license from the appropriate authority in the U.K. because the U.K. has a program for falcons comparable to the FWS's program.
8. The transport conditions must comply with the [CITES Guidelines for Transport of Live Animals](#) or, in the case of air transport, with the [International Air Transport Association \(IATA\)](#) live animal regulations (contact airline for information). As such, describe:
- a. The type, size, and construction of any shipping container; and
 - b. The arrangements for watering or otherwise caring for the wildlife during transport.
9. For the non-commercial export of CITES Appendix-I species, provide a copy of the CITES import permit or evidence one will be issued by the Management Authority of the country to which you plan to export the specimen(s). In accordance with Article III of the CITES treaty, it is required that import permits are issued before the corresponding export permit.
10. If the bird was bred at a CITES-registered Commercial Breeding Operation for Appendix-I wildlife, no CITES import permit is required.
- Provide the name _____ and registration number _____ of the breeding operation.
11. Attach copies of your Federal and/or State permits or licenses, which authorize your possession, acquisition, transfer, or disposition of raptors or their eggs, as required by the Migratory Bird Treaty Act (MBTA).
12. If the specimen is part of an approved Wild Bird Conservation Act (WBCA) Cooperative Breeding Program, identify the breeding operation and provide an explanation of how the specimen is surplus to the operation.

All international shipment(s) must be through a designated port. A [list of designated ports](#) (where a wildlife inspector is posted) is available. If you wish to use a port not listed, please contact the Office of Law Enforcement for a Designated Port Exemption Permit (Form [3-200-2](#)).

PRIVACY ACT STATEMENT

Authority: The information requested is authorized by the following: the Bald and Golden Eagle Protection Act (16 U.S.C. 668), 50 CFR 22; the Endangered Species Act (16 U.S.C. 1531-1544), 50 CFR 17; the Migratory Bird Treaty Act (16 U.S.C. 703-712), 50 CFR 21; the Marine Mammal Protection Act (16 U.S.C. 1361, et seq.), 50 CFR 18; the Wild Bird Conservation Act (16 U.S.C. 4901-4916), 50 CFR 15; the Lacey Act: Injurious Wildlife (18 U.S.C. 42), 50 CFR 16; Convention on International Trade in Endangered Species of Wild Fauna and Flora (TIAS 8249), 50 CFR 23; General Provisions, 50 CFR 10; General Permit Procedures, 50 CFR 13; and Wildlife Provisions (Import/export/transport), 50 CFR 14.

Purpose: The collection of contact information is to verify the individual has an eligible permit to conduct activities which affect protected species. This helps FWS monitor and report on protected species and assess the impact of permitted activities on the conservation and management of species and their habitats.

Routine Uses: The collected information may be used to verify an applicant's eligibility for a permit to conduct activities with protected wildlife; to provide the public and the permittees with permit related information; to monitor activities under a permit; to analyze data and produce reports to monitor the use of protected wildlife; to assess the impact of permitted activities on the conservation and management of protected species and their habitats; and to evaluate the effectiveness of the permit programs. More information about routine uses can be found in the System of Records Notice, Permits System, FWS-21.

Disclosure: The information requested in this form is voluntary. However, submission of requested information is required to process applications for permits authorized under the listed authorities. Failure to provide the requested information may be sufficient cause for the U.S. Fish & Wildlife Service to deny the request.

PAPERWORK REDUCTION ACT STATEMENT

We are collecting this information subject to the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) in order provide the U.S. Fish and Wildlife Service the information necessary, under the applicable laws governing the requested activity, for which a permit is requested. Information requested in this form is purely voluntary. However, submission of requested information is required in order to process applications for permits authorized under the applicable laws. Failure to provide all requested information may be sufficient cause for the U.S. Fish and Wildlife Service to deny the request. According to the PRA, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned Control No. 1018-0093.

ESTIMATED BURDEN STATEMENT

We estimate public reporting for this collection of information averages 45 minutes (electronically) to 1 hour (paper-based), including time for reviewing instructio, gathering and maintaining data and completing and reviewing the form. Direct comments regarding the burden estimate or any other aspect of the form to the Service Information Clearance Officer, Fish and Wildlife Service, U.S. Department of the Interior, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041-3803, or via email at Info_Coll@fws.gov. Please do not send your completed form to this address.
