DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Privacy Act of 1974; As Amended; Revisions to the Existing System of Records

AGENCY: Office of Surface Mining, Interior.

ACTION: Proposed revisions to an existing system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Office of Surface Mining (OSM) is issuing public notice of its intent to modify an existing Privacy Act system of records notice, OSM-8, "Employment and Financial Interests Statements—States and Other Federal Agencies." The revisions will update the System Name, System Location address, System Manager(s); accurately define the Categories of Individuals Covered by the System, Categories of Records in the System, Authority for Maintenance of the System, Safeguards, Retention and Disposal; and clarify the Notification Procedure, Record Access Procedures and Contesting Record Procedures.

EFFECTIVE DATE: 5 U.S.C. 552a(e)(11) requires that the public be provided a 30-day period in which to comment on the intended use of the information in the system of records. The Office of Management and Budget, in its Circular A-130, requires an additional 10-day period (for a total of 40 days) in which to make these comments. Any persons interested in commenting on this revised system of records may do so by submitting comments in writing to the

U.S. Department of the Interior, Office of Surface Mining, Privacy Officer, 1951 Constitution Avenue, NW, Mail Stop 262-SIB, Washington, DC 20240. Comments received within 40 days of publication in the **Federal Register** will be considered. The system will be effective as proposed at the end of the comment period, unless comments are received which would require a contrary determination.

ADDRESS: Send written comments to the U.S. Department of the Interior, Office of Surface Mining, Privacy Act Officer, Mail Stop 262-SIB, 1951 Constitution Avenue, NW, Washington, DC 20240. You may also hand deliver comments to the same address.

FOR FURTHER INFORMATION CONTACT: Chief, Office of Personnel, Office of Surface Mining, 1951 Constitution Avenue, NW, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: Earlier Privacy Act Compilations list the systems of records with the prefix "OSMRE" (e.g., OSMRE-8) as originally published in the **Federal Register**. The prefix was changed to "OSM" in subsequent records systems for convenience. The OSM is proposing to amend the system notice for OSM-8 "Employment and Financial Interests Statements—States and Other Federal Agencies," previously published in the **Federal Register** on June 6, 1989 (54 FR 24270). This revision is needed to update required data elements as well as the System Name, System Location, System Manager(s) and Address. This revision more precisely defines the Categories of Individuals Covered by the System, Categories of Records in the System, Authority for Maintenance of the System, as well as Safeguards, and Retention and Disposal policies and practices; and makes minor clarifying changes to the Notification Procedure, Record Access Procedures and Contesting Record Procedures.

Accordingly, the OSM proposes to amend the "Employment and Financial Interests Statements—States and Other Federal Agencies," OSM-8 in its entirety to read as follows:

Chief Information Officer, Office of Surface Mining.
