

SUPPORTING STATEMENT
Claim for Reimbursement-Form CA-278
OMB NO: 1240-0006

A. Justification

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collections. Attach a copy of the appropriate section of each statute and of each regulation mandating or authorizing the collection of information.**

The Office of Workers' Compensation Programs (OWCP) is the federal agency responsible for administration of the War Hazards Compensation Act (WHCA), 42 U.S.C. 1701 *et seq.* Under section 1704(a) of the WHCA, an insurance carrier or self-insured who has paid workers' compensation benefits to or on account of any person for a war-risk hazard may seek reimbursement for benefits paid (plus expenses) out of the Employees' Compensation Fund for the Federal Employees' Compensation Act (FECA) at 5 U.S.C. 8147.

<https://www.gpo.gov/fdsys/pkg/USCODE-2013-title42/pdf/USCODE-2013-title42-chap12-subchapI.pdf>

<https://www.dol.gov/owcp/dfec/regs/statutes/feca.htm#8147>

Insurance carriers and the self-insured to request reimbursement use form CA-278. The regulations that implement the WHCA permit OWCP to collect the information needed to consider an insurance carrier's or self-insured's reimbursement request at 20 CFR 61.101 and 61.104

<https://www.gpo.gov/fdsys/pkg/CFR-2010-title20-vol1/pdf/CFR-2010-title20-vol1-part61-subpartB.pdf>

For collection of this information under WHCA statutes.

See 42 U.S.C. 1704 and 1706

<https://www.gpo.gov/fdsys/pkg/USCODE-2013-title42/pdf/USCODE-2013-title42-chap12-subchapI.pdf>

For collection of this information under FECA statutes.

See 5 U.S.C. Sections 8121, 8145, and 8149

<https://www.dol.gov/owcp/dfec/regs/statutes/feca.htm>

- 2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.**

The information collected is used by OWCP staff to process requests for reimbursement of WHCA benefit payments and claims expenses submitted by insurance carriers and the self-insured. The information is also used by OWCP to decide whether it should opt to pay ongoing WHCA benefits directly to the injured worker.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also, describe any consideration of using information technology to reduce burden.**

Form CA-278 is currently posted on the internet at <http://www.dol.gov/owcp/dfec/regs/compliance/forms.htm> for downloading by insurance carriers and self-insured. However, since Form CA-278 must be accompanied by documentation in support of the request for reimbursement, providing for the submission of this information electronically is not considered practicable.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

The information collected on this form is not duplicative of any information available elsewhere. The respondent is the only source of the benefit payment and claims expenses data that is needed to process the request for reimbursement.

- 5. If the collection information impacts small businesses or other small entities, describe any methods used to minimize burden.**

This information collection has been streamlined to obtain the minimum information needed for OWCP to process a request for reimbursement while imposing the minimum burden on respondents, and does not have a significant economic impact on a substantial number of small entities.

- 6. Describe the consequence of Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.**

Please refer to Nos. 1 and 2 above. The information collected from both insurance carriers and self-insured is the minimum needed to evaluate whether a reimbursement request meets the statutory requirements in the WHCA. Reimbursement requests cannot be processed by OWCP without the information collected.

- 7. Explain any special circumstance.**

There are no special circumstances for conducting this information collection.

- 8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8 (d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.**

No outside consultations have been conducted concerning the use of Form CA-278. However, reimbursement for benefit payments and claims expense has been available since the WHCA was passed in 1942, and OWCP has received a sufficient number of requests for reimbursement to develop the proposed collection instrument.

A notice inviting public comment on this information collection was published in the Federal Register on January 14, 2020 (85 FR 2149). No comments were received.

- 9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

Respondents do not receive any gifts or payments to furnish the requested information.

- 10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulations, or agency policy.**

All information contained in FECA claim files is fully protected under the Privacy Act in the system of records known as DOL/GOVT-1 (Office of Workers' Compensation

Programs, Federal Employees' Compensation Act File,
(<http://www.dol.gov/sol/privacy/dol-govt-1.htm>).

- 11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary; the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.**

There are no questions of a sensitive nature on this form.

- 12. Provide estimates of the hour burden of the collection of information. The statement should:**

- **Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated. Unless directed to do so, agencies should not make special surveys to obtain information on which to base burden estimates. Consultation with a sample of potential respondents is desirable. If the burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated burden and explain the reason for the variance. Generally, estimates should not include burden hours for customary and usual business practices.**
- **If this request for approval covers more than one form, provide separate hour burden estimates for each form.**
- **Provide estimates of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14.**

OWCP receives an average of 812 new WHCA reimbursement claims annually (2,436 received during calendar years 2016-2018, which are opened when an insurance carrier or self-insured submits a request for reimbursement to OWCP. These 812 responses are submitted by seven respondents through attorney firms, which equates to 116 responses per year per respondent), as each reimbursement request is for a single beneficiary). It is estimated that each Form CA-278 will take approximately 30 minutes to prepare, for an annual hour burden of hours (812 responses annually x 30/60 = 406).

Estimated Annualized Respondent Burden Hours and Costs

Form	Number of Respondents	Frequency of Responses	Total Number of Responses	Avg. Burden per Response (in hours)	Total Burden Hours	Avg. Hourly Wage Rate*	Total Burden Costs
CA-278	812	1	812	.50	406	\$19.07	\$7,742

Using the current median hourly wage for insurance claims and policy processing clerks (reported by the Bureau of Labor Statistics)* <http://www.bls.gov/oes/current/oes439041.htm> of \$19.07 per hour, the respondent annualized cost estimate for this collection is \$7,742 (406 x \$19.07).

13. Annual Costs to Respondents (capital/start-up & operation and maintenance).

There are no startup costs for this information collection. Operation and maintenance costs consist solely of mailing costs.

The mailing costs are calculated as follows:

Total claimant costs Forms CA-278

[\$ 1.45 (2019 postal rates for first class mail, a 4oz large envelope to accommodate attachments) x 812 (forms) = \$1,177.00.

14. Provide estimates of annualized cost to the Federal government.

Review Costs:

Reimbursement requests/claims under the WHCA are processed by a "Special Claims" unit, located in the FECA program's district office in Cleveland, Ohio which is composed of a staff of six claims examiners: (2) GS-12, Step 10; (1) GS-12, Step 8; (1) GS-12, Step 7; (1) GS-12, Step 4; and (1) GS 12, Step 2, with hourly salaries of \$48.39, \$45.91, \$44.67, \$40.94, \$38.46, respectively. The average hourly wage for the reviewer is \$44.46 based on the following calculation.

Average hourly wage = \$44.46(48.39 X 2 = \$96.78 + 45.91 +

Claim for Reimbursement Form
1240-0006 (CA-278)
March 2020

$\$44.67 + \$40.94 + \$38.46 = \266.76 divided by 6 = $\$44.46$.

https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2019/CLE_h.pdf

Form	Time to Review	Total Responses	Costs
CA-278	30 minutes	812	18,051

Their review costs is calculated as $\$44.46 \times 30 \text{ min} \times 812/60 = \$18,051$.

Federal Cost Estimates:

Printing Cost: Due to the small number of respondents that OWCP contemplates will submit a Form CA-278; there are no plans to print the form in bulk for distribution.

Mailing and Envelope Cost:

[\$1.45 (2019 postal rates for first class mail, a 4oz large envelope to accommodate attachments) x 812 (forms) = \$1,177.

Total Federal Cost $\$18,051 + 1,177 = \$19,228$.

15. Explain the reasons for any program changes or adjustments.

The previous approved number of 345 is now 812, which an increase of 467. Due to the increase in the number of respondents, the previously approved number of burden hours (173), is now (406), an increase of 233. The costs burden increased from \$542 to \$7,742, which is an adjustment of \$7,200. Previously, this figure was based on operational and mailing costs incurred by the respondent. This figure now shows the monetized value of respondents time which is matched with the annual cost burden figure, which explains this significant increase.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection information, completion of report, publication dates, and other actions.

Claim for Reimbursement Form
1240-0006 (CA-278)
March 2020

There are no plans to publish any data collected by Form CA-278.

- 17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.**

This information collection request does not seek a waiver from the requirement to display the expiration date.

- 18. Explain each exception to the certification statement in ROCIS.**

This request is in compliance with 5 CFR 1320.9.

- B. Collections of Information Employing Statistical Methods:**

Statistical methods are not used in these collections of information.
