Strongly Agree Agree Neutral Disagree Strongly Disagree

CMV Technology Preferences

11. Indicate which of the following ADAS technologies you **would use** in your commercial vehicle

- Automated parking
- Remote-control drive or remote-control parking
- Traffic jam assist
- Adaptive cruise control
- Forward collision warning system
- Automatic emergency braking
- Blind spot warning
- Camera-mirror system
- Lane-keep assist
- Lane centering assist
- Lane departure warning
- Traffic sign recognition system
- Pedestrian detection
- Rear backing camera

12. For each of the technologies you indicated you **would** use above, briefly state why you think this technology would be beneficial to you.

System of Interest	Why would you use this technology?
Automated parking	
Remote-control drive or remote-control parking	
Traffic jam assist	
Adaptive cruise control	
Forward collision warning system	
Automatic emergency braking	
Blind spot warning	
Camera-mirror system	
Lane-keep assist	
Lane centering assist	
Lane departure warning	
Traffic sign recognition system	
Pedestrian detection	
Rear backing camera
