Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree

CMV Technology Preferences

11. Indicate which of the following ADAS technologies you **would use** in your commercial vehicle
    - ❑ Automated parking
    - ❑ Remote-control drive or remote-control parking
    - ❑ Traffic jam assist
    - ❑ Adaptive cruise control
    - ❑ Forward collision warning system
    - ❑ Automatic emergency braking
    - ❑ Blind spot warning
    - ❑ Camera-mirror system
    - ❑ Lane-keep assist
    - ❑ Lane centering assist
    - ❑ Lane departure warning
    - ❑ Traffic sign recognition system
    - ❑ Pedestrian detection
    - ❑ Rear backing camera

12. For each of the technologies you indicated you **would** use above, briefly state why you think this technology would be beneficial to you.

System of Interest	Why would you use this technology?
Automated parking	
Remote-control drive or remote-control parking	
Traffic jam assist	
Adaptive cruise control	
Forward collision warning system	
Automatic emergency braking	
Blind spot warning	
Camera-mirror system	
Lane-keep assist	
Lane centering assist	
Lane departure warning	
Traffic sign recognition system	
Pedestrian detection	
Rear backing camera
