USAP Sexual Assault and Harassment Climate Survey

SECTION ONE: OPENING

The National Science Foundation, United States Antarctica Program (USAP), through an Interagency Agreement with the Department of Interior, NSF has contracted with Leading and Dynamic Services and Solutions (LDSS) to conduct the USAP Sexual Assault and Harassment Climate Survey (SAHCS). Soteria Solutions, members of team LDSS and subject matter experts in climate surveys, are responsible for collecting the SAHCS baseline data on sexual assault and harassment within the USAP community.

The goal of the climate survey is to generate solution-oriented data which will paint a comprehensive picture of the health and challenges of the USAP workplace and community in which problem behaviors arise and to identify the healthy characteristics and elements of the overall USAP environment which can be enhanced or changed to address these problems.

Your privacy is important to us. We are protecting and maintaining your confidentiality in the following ways:

1. Soteria Solutions is administering the survey AND housing the data.
2. We are not asking for your name.
3. We are not collecting your IP address.
4. Responses are confidential.
5. Your participation in the survey is voluntary and you may stop or exit at any time.
6. All data will be aggregated when reported out and no data with a cell size less than 10 will be reported.

If you would like to make a formal report of sexual assault or sexual harassment to NSF, please contact the NSF Office of Equity and Civil Rights at saferscience@nsf.gov.

If you would like to talk with a confidential advocate, please contact USAPAdvocate@ldsscorp.com.

The survey will be open from X, 2023 to X 2023 and is voluntary. Once the survey is started:

November 28, 2022

- It will take approximately 25-30 minutes to complete and will begin on the next page.
- You have the options of "I prefer not to answer" for every item in the survey.
- Please feel free to skip questions you cannot or do not wish to answer.
- You may stop taking the survey at any time.

This study is authorized by law (42 U.S.C. 1862 Section 3.a.6.). The OMB control number for this study is 3145-0260.

If you wish to participate in this survey, please click "Next" to proceed. If you do not wish to participate, you can exit the survey platform now.

We thank you for your time and willingness to help move USAP towards a safe and respectful workplace for all.

November 28, 2022

In the remaining sections of this survey, we will be using the terms *sexual assault*, *sexual harassment*, and *stalking*. Please use the following definitions.

Sexual assault includes, but is not limited to, any intentional sexual contact, characterized by use of physical force, threats, intimidation, or abuse of authority, or where consent is not given or cannot be given.

Sexual harassment includes, but is not limited to any unwelcome sexual advances, requests for sexual favors, and other verbal (i.e. sexist comments) or physical conduct of a sexual nature, that is made a condition of securing, maintaining, or otherwise affects employment, interferes with work performance, or creates an intimidating, hostile, or offensive working environment.

Stalking includes but is not limited to a pattern of repeated and unwanted attention, harassment, contact, or any other repeated course of conduct directed at a specific person that would cause a reasonable person to feel fear.

Together, these behaviors will be referred to as **sexual assault and sexual harassment (SA/SH)** throughout this USAP Climate Survey.

SECTION FIVE: Supervision Culture

- I. Directions:** The next set of statements are thoughts one may have about their direct/immediate supervisor regarding SA/SH issues at USAP. Please indicate how much you agree or disagree with each statement. There are no right or wrong answers.

My Supervisor/Manager:	Strongly Agree	Agree	Disagree	Strongly Disagree	Prefer not to answer
A. Would not stop community members who were making sexist comments at work.					
B. Would correct community members who refer to coworkers as “honey”, “hottie”, “babe”, “sweetie,” or use other unprofessional language

D. Would not stop community members who were making homophobic comments at work.					
E. Does not model/show respectful behavior.					
F. Overall, takes SA/SH issues seriously.					
G. Would not stop community members who were making transphobic (focused on transgender and intersex individuals) comments at work.					
H. Responds adequately to reports of homophobia (focused on lesbian, gay, bisexual, queer and questioning individuals).					
I. Would not stop community members who were making racist comments at work.					
J. Would not intervene if an individual was receiving inappropriate sexual attention at work (e.g., staring at someone's chest, standing too close, rubbing someone's shoulders).					
K. Responds adequately to reports of sexual					

harassment.					
L. Would not stop community members who are talking about sexual topics at work.					
M. Responds adequately to reports of stalking.					

II. Supervisory Climate – SOCIAL NORMS

Directions: The next set of statements are thoughts one may have about how the people they work with feel about their supervisor/manager and SA/SH. Please tell us what percent of your colleagues (0-100%, no decimals) you think would **AGREE** or **STRONGLY AGREE** with each statement. There are no right or wrong answers.

	0-100% No decimals	Prefer not to answer
A. X% of the people I work with would agree or strongly agree that, overall, my supervisor/manager takes SA/SH issues seriously.		
B. X% of the people I work with would agree or strongly agree that my supervisor/manager would correct community members who refer to coworkers as “honey,” “babe,” “sweetie,” or use other unprofessional language at work.		
C. X% of the people I work with would agree or strongly agree that my supervisor/manager does not model/show respectful behavior.		

SECTION SIX: SA/SH Personal Attitudes

I. **Directions:** The next statement is about SA/SH resources at USAP. Please indicate how much you agree or disagree with the following statement. There is no right or wrong answer.

	Strongly Agree	Agree	Disagree	Strongly Disagree	Prefer not to answer
A. I know about resources for people experiencing SA/SH while deployed.					
B. I would be more likely to talk to a confidential SA/SH advocate if I could talk to them in-person while deployed.					

II. **Directions:** The next set of statements describe actions one may or may not take regarding SA/SH issues at USAP while deployed. Please indicate how much you agree or disagree with each statement. There are no right or wrong answers.

	Strongly Agree	Agree	Disagree	Strongly Disagree	Prefer not to answer
A. If I were made aware of SA/SH happening to a USAP community member, I would check in with that person.					
B. If a USAP community member told me they experienced SA/SH, I would believe them.					

C. Intervening when observing/hearing/witnessing SA/SH issues is not the responsibility of USAP community members.					
D. I would respect a USAP member who intervened to prevent SA/SH.					
E. If a USAP member told me they observed/saw SA/SH, I would have a hard time believing them.					
F. If I saw SA/SH happening to a USAP community member, I would intervene.					
G. SA/SH is not that common among USAP community members.					
H. I am confident that most of the USAP community members I work with would do something to help make sure I was safe if they thought I were in danger due to a SA/SH issue,					
I. If a USAP community member told me they experienced SA/SH, I would feel comfortable letting them know about the confidential SA/SH advocate.					

III. SA/SH Perception of Community Attitude

November 28, 2022

Directions: Please show what percent of people you work with at USAP would AGREE or STRONGLY AGREE with the statement about SA/SH. There are no right or wrong answers.

E. X% of community members would agree or strongly that going to a McMurdo bars means a community member is looking to hookup/have sex.		

SECTION TEN: Inventory/Detail of Bystander Experiences

In this section, we are hoping to learn more about various types of incidents regarding sexual assault, sexual harassment and stalking in the workplace that **you may have observed/seen** during your time as a USAP community member while deployed.

Sexual assault includes, but is not limited to, any intentional sexual contact, characterized by use of physical force, threats, intimidation, or abuse of authority, or where consent is not given or cannot be given.

Sexual harassment includes, but is not limited to any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, that is made a condition of securing, maintaining, or otherwise affects employment, interferes with work performance, or creates an intimidating, hostile, or offensive working environment.

Stalking includes but is not limited to a pattern of repeated and unwanted attention, harassment, contact, or any other repeated course of conduct directed at a specific person that would cause a reasonable person to feel fear.

Together, these behaviors will be referred to as **sexual assault and sexual harassment (SA/SH)** throughout this USAP Climate Survey.

- I. Directions: During deployment(s) of the calendar years of 2019-2023 please mark an estimate of the total times you OBSERVED (saw with your own eyes) a USAP community member(s) doing any of the following SA/SH behaviors to another USAP community member(s). In the following statements, “community member(s) A” is a person causing harm to “community member(s) B”.**

REMINDER: Sexual assault, harassment, and stalking behaviors will be referred to as sexual assault and sexual harassment (SA/SH) throughout this USAP Climate Survey.
