## INSTRUCTIONS

IMPORTANT- This application must be submitted by legally recognized corporations, partnerships and other business entities who own or hold a Federal Limited Entry Deep-Set Buoy Gear Permit. This form must be submitted by the permit applicant with the annual permit renewal (due by March 30) and with any transfer request, when the resulting Federal Limited Entry Deep-Set Buoy Gear Permit will list a business entity as either the permit applicant or vessel owner. A Federal Limited Entry Deep-Set Buoy Gear Permit that lists a business entity will not be renewed until such time that NMFS receives an ownership interest form from the permit applicant that identifies all shareholders.

Note- A person is defined as any individual, corporation, partnership, association, any Federal, state, or local gov, or any entity that is eligible to own a documented vessel. A "partnership" is defined as two or more individuals, partnerships, or corporations, or combinations thereof, who have ownership interest in a permit, including married couples and legally recognized partnerships, such as limited partnerships (LP), general partnerships (GP), and limited liability partnerships (LLP).
*Transfer Exceptions- Federal Limited Entry Deep-Set Buoy Gear Permits are not transferable, except for a one-time transfer to a family member upon the death or legal incapacitation of the permit holder. A family member would be defined as spouse, domestic partner, cohabitant, child, stepchild, grandchild, parent, stepparent, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent, great grandparent, brother, sister, half-brother, half-sister, step-sibling, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, or first cousin. One-time transfers would also apply to the member of a partnership, corporation, or other entity. For example, if John Doe is a member of a partnership with John Smith, and John Doe died, John Doe's ownership interest could pass to a family member while John Smith's ownership interest remains unchanged. Changes to ownership, including the addition of individuals or entities as owners of the permit, would otherwise not be allowed. NMFS would not consider it an ownership change if shares among the existing owners changes, or if a member of a partnership, corporation, or other entity leaves and is not replaced.
The purpose of this form is to provide NMFS with information to ensure the number of Federal Limited Entry Deep-Set Buoy Gear Permits owned or held by an individual does not exceed the designated limit (one permit or one portion of ownership interest per person), and to determine if any change in ownership has occurred to corporations and partnerships since the control date.
