Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-XXXX. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 60 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the National Institute of Standards and Technology at: askchips@chips.gov.

Acknowledgement

Any communication, data, or other information stored or transmitted on this system may be accessed and used by federal employees, consultants and contractors in accordance with Section IV.C. of the CHIPS Incentives Program – Commercial Fabrication Facilities Notice of Funding Opportunity (CHIPS-CFF NOFO). By voluntarily furnishing information through this system, the applicant consents to such access and use.

I acknowledge the above statement

CHIPS Incentives Request Discussion

As a supplemental attachment to the answers provided in the form, please submit responses to the following:

- Provide a narrative description for how the financial information submitted for the project(s) support a conclusion that the CHIPS Incentives requested will incentivize the applicant to make investments in facilities and equipment in the United States that would not occur in the absence of the incentives.
- Provide a description of how the CHIPS Incentives requested were sized based on cash flow modeling, IRR analysis, sensitivity analysis, and other applicable analyses. Explain why the request is appropriate based on expected risks and returns of the project, historical projects of similar nature, or other relevant market benchmarks. Provide a justification for why the projected IRR in the cash flow model is appropriate for project(s) of this type, scale, and risk profile.

Refer to the CHIPS Incentives Request instruction guide located at <https://www.nist.gov/document/chips-nofo-commercial-fabrication-facilities-pre-application-instructions> and section IV.H.3. – “CHIPS Incentive Request” of the NOFO for specific requirements regarding the CHIPS incentive request.

OMB Control Number: 0693-XXXX

Expiration Date: XX/XX/XXXX

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-XXXX. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the National Institute of Standards and Technology at: askchips@chips.gov.

Submit a PDF attachment with information on the three topics below regarding workforce development that is responsive to the Workforce Development Evaluation Criteria (see section V.A.5. in the NOFO).

1. Approach to recruit, train, and retain a diverse and skilled set of workers to fill the good jobs that will be created to construct, expand, and operate its semiconductor facilities. Provide a description of:
 - Anticipated facility workforce needs
 - Proposed strategy to meet facility workforce needs including policies to promote the hiring and retention of economically disadvantaged individuals
 - Approach to meeting the Good Jobs Principles
 - Proposed high-quality education and training programs or strategies, such as Registered Apprenticeships, pre-apprentice programs, career and college pathways
 - Proposed wraparound support services
 - Actions the applicant has taken to engage with potential strategic partners
 - Actions the applicant has taken with respect to creating or participating in a sectoral partnership, such as convening or conducting outreach to potential partner organizations, defining respective roles and responsibilities, or identifying a backbone organization to lead the sectoral partnership
2. The status and goals of discussions with workforce, educational, community-based, public-sector, local housing, or other organizations on proposed collaborations, to the extent they have not yet been finalized.
3. Details on any conversations or planning done, in concert with partners, for meeting construction workforce needs (a construction workforce plan is not required in the Pre-Application stage)

Please refer to Section IV.H.5. of the NOFO for more details on expectations for workforce development information.
