

The COVID-19 PHE is Ending on [xx]

Throughout the COVID-19 public health emergency (PHE), CMS has used a combination of emergency authority waivers, regulations, enforcement discretion, and sub-regulatory guidance to ensure access to care and give health care providers the flexibilities needed to respond to COVID-19 and help keep people safer. Many of these waivers and broad flexibilities will terminate at the eventual end of the PHE, as they were intended to address the acute and extraordinary circumstances of a rapidly evolving pandemic and not replace existing requirements. To minimize any disruptions, including potential coverage losses, following the end of the PHE, HHS Secretary Becerra committed to giving states and the health care community writ large 60 days' notice before ending the PHE. He issued that notice on XXX. CMS will continue to accept waiver requests until XXX when the COVID-19 PHE officially ends.

CMS has encouraged health care providers to prepare for the end of these flexibilities as soon as possible and to begin reestablishing previous health and safety standards and billing practices. Click the button to the right to access our fact sheets that outline which blanket waivers and flexibilities will terminate at the end of the PHE, by provider type.

Under **Section 1135 or 1812(f) of the Social Security Act**, CMS can issue several blanket waivers when there's a disaster or emergency. Blanket waivers prevent gaps in the access to care for beneficiaries affected by the emergency.

When a blanket waiver is issued, providers don't have to apply for an individual waiver. If there's no blanket waiver, providers can ask for an individual Section 1135 waiver.

I want to submit a waiver / flexibility request option

When there's a disaster or emergency, waivers and flexibilities help health care facilities give timely care to as many people who've been affected as possible. This means we're helping States, Federal Districts and U.S. territories to make sure people with Medicare and/or Medicaid continue to have access to care.

"Waiver" refers to a waiver or modification of a statutory requirement of the Social Security Act (Act) or its implementing regulations that may be waived or modified under the authority of § 1135 of the Act or § 1812(f). A "flexibility" is an agency policy or procedure that can be adjusted under current authority – and generally speaking, can be adjusted without reprogramming CMS's systems. CMS will implement these waivers and flexibilities as necessary and appropriate to accommodate the needs of those impacted by an emergency or disaster.
