Introduction

As part of the Administration for Children and Families' (ACF) Office of Planning, Research, and Evaluation's (OPRE) PREP Local Evaluation Support and Dissemination (PLESD) project, we are looking to collect feedback about your experience receiving local evaluation support (LES) led by Abt Associates and partners. Specifically, we are conducting this survey to ask about your satisfaction with different PREP LES activities and resources.

Completing this voluntary survey should take no more than 15 minutes of your time. Your responses to these questions are anonymous and will not be shared with other PREP grantees. Individual responses will not be shared with OPRE or the Family and Youth Services Bureau (FYSB). Instead, the study team will combine responses across all respondents and by funding stream (i.e., PREIS, Tribal PREP, State PREP, Competitive PREP) to help assess and improve overall local evaluation support activities.
