General Information	District name	Identifies the district completing the form	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	
	IDCON number	Further identifies the district; particularly helpful if districts do not provide a complete name in item 1	2									2							
	Project, unit, and/or division name	Identifies the project, unit, and division in which the district is located	3									3							
	Region	Identifies the Reclamation region in which the district is located	4	2	2	2	2	2	2	2	2	4	2	2	2	2	2	2	2
	Page numbers	Identifies the current page number and the number of pages attached to the summary form		3	3	3	3	3	3	3			3	3	3	3	3	3	3
	District's form submittal category	Identifies the district's form submittal category for the current water year, which is based on the district's contract with Reclamation and the status of the district's financial obligations with Reclamation for the current water year. Particularly helpful because a district's category could potentially change from year to year.	5a									5a							
	Delivery of Reclamation irrigation water in the current water year	Identifies whether the district will deliver Reclamation irrigation water in the current water year. Regulation requires districts to submit an annual RRA district summary form regardless of whether the district delivers Reclamation irrigation water.	5b									5b
