**Abstract:** The National Park Service Protection, Interpretation, and Research in System (54 U.S.C. 100101 *et seq.*), and the Public Health Service Act (42 U.S. Code Chapter 6A) give the NPS Office of Public Health (OPH) broad authority to collect public health data using NPS Forms 10–685—*Concession Employee Illness Report* and 10–686—*Tour Vehicle Passenger Illness Report*. The forms collect information on the symptoms, duration, and location of illness which allows public health workers to respond rapidly and appropriately to address health and safety incidents within the park system.

The Disease Reporting and Surveillance System (DRSS) provides data on the symptoms, duration, and location of illness, which allows public health workers to work rapidly and appropriately to address the incidents. This data provides parks, OPH staff, managers of park concessioners, and park clinic concessioners with an early warning system for potential outbreaks to inform public health interventions.

**Title of Collection:** Office of Public Health Disease Reporting and Surveillance Forms.

**OMB Control Number:** 1024–0286.

**Form Number:** NPS Forms 10–685 and 10–686.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** Individuals/households and private sector.

**Total Estimated Number of Annual Respondents:** 390.

**Total Estimated Number of Annual Responses:** 390.

**Estimated Completion Time per Response:** Concession Employee Illness: 10 minutes; Tour Vehicle Passenger Illness: 15 minutes.

**Total Estimated Number of Annual Burden Hours:** 73.

**Respondent's Obligation:** Voluntary.

**Frequency of Collection:** On occasion.

**Total Estimated Annual Nonhour Burden Cost:** None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
