

DISEASE REPORTING AND SURVEILLANCE SYSTEM (DRSS) TOUR VEHICLE PASSENGER ILLNESS REPORT

PARK NAME

Park Address Line 1

Park Address Line 2

Telephone: (###) ###-#### Fax: [(###) ###-#### - optional]

Email: [Insert Email Address - Optional]

Website: [Insert Website- Optional]

THIS FORM IS ONLY AUTHORIZED FOR USE IN
YELLOWSTONE NATIONAL PARK, GLACIER NATIONAL PARK,
GRAND TETON NATIONAL PARK, GRAND CANYON, AND YOSEMITE NATIONAL PARK

Thank you for agreeing to help the National Park Service (NPS) Office of Public Health

Your input is very important to the NPS Office of Public Health. These questions seek to identify the number of sick tour vehicle passengers and where they might have traveled, but we ask that you not provide any personally identifiable information in any of your submissions (e.g., visitor names). The information will be used to help both the [concession company] and the NPS Office of Public Health, working in collaboration, to detect high-risk disease transmission events, monitor and track their spread, implement appropriate public health response efforts, and assess the effects of these response efforts in order to protect people in the National Parks as efficiently and effectively as possible. The questions should take less than 10 minutes to complete. All of your answers are voluntary. If you have any further questions about this survey or its use, please feel free to reach out to the NPS Office of Public Health at publichealthprogram@nps.gov.

Thank you for completing this survey.

If you have any further questions about this survey or its use, please feel free to reach out to the NPS Office of Public Health at publichealthprogram@nps.gov.

NOTICES

PRIVACY ACT STATEMENT

Authority: The NPS Organic Act of 1916 (Organic Act) (54 U.S.C. §100101 et seq.) and the Public Health Service Act (42 U.S. Code Chapter 6A) gives the NPS broad authority to regulate the use of the park areas under its jurisdiction.

Purpose: The NPS OPH uses the "Disease Reporting and Surveillance System" (DRSS) to enhance surveillance, estimate the burden of illnesses, and improve knowledge about where these outbreaks were occurring within the park. DRSS documents concessionaire employees' illnesses as well as illnesses occurring on tour buses through an on-line, real-time reporting system that allows concession management, the park, and the OPH to detect an increase in illness reports that may suggest the beginning of an outbreak.

Disclosure: This collection will collect names and email addresses that will be used to follow up with respondents as needed. While no particular statements offering assurances of confidentiality are provided to the individual on the certification form, the NPS manages the forms in accordance with procedures established in the National Park Service System of Record INTERIOR/NPS-10 - Central Files — ([86 FR 50156](#) September 7, 2021).

PAPERWORK REDUCTION ACT STATEMENT

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501), the National Park Service uses this form to collect information on the symptoms, duration, and location of illness, public health workers are able to work rapidly and appropriately to address the incidents. Your response is voluntary, but failure to complete this form will result in exclusion from participation in the YCC Program. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned Control No. 1024-0286.

ESTIMATED BURDEN STATEMENT

We estimate public reporting for this collection of information to average 10 minutes, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding the burden estimate or any other aspect of the form to the Departmental Information Clearance Officer, National Park Service, 12201 Sunrise Valley Drive, (MS -242) Reston, VA 20191, Please do not send your completed form to this address.
