## **B. Purpose**

The ETA 9051 report contains monthly information on continued weeks compensated time lapse. This report concerns the time it takes states to pay benefits to claimants for compensable weeks of unemployment other than the "first payment." Continued weeks compensated time lapse data was not formerly reported. This report contains monthly time lapse data for all continued weeks compensated, i.e., total, partial/part-total. A separate entry screen will be used for a breakout of partial/part-total continued weeks compensated. Workshare (Short-Time Compensation) continued weeks compensated will be reported on a third entry screen. Workshare continued weeks compensated are not reported in the total count of "All" continued weeks compensated.

## **C. Due Date and Transmittal**

The report is due in the ETA National Office on the 20th of the month following the month to which the data relate. This report will be transmitted electronically.

## **D. General Reporting Instructions**

The Continued Weeks Compensated Time Lapse measure requires that the state computer read the universe of all weeks compensated records and exclude first payments. These counts are categorized by Intrastate and Interstate claims and, within those categories, the number that are compensated under the state UI program, Unemployment Compensation for Federal Employees (UCFE), and Unemployment Compensation for Ex-Servicemembers (UCX). While included under the "All" category the sub-category of partial/part-total continued weeks compensated will also be reported. These categories are further broken out by the number of continued weeks compensated by program type and time lapse at seven-day intervals.

- Includes total, partial/part-total continued weeks compensated.
- Includes combined wage claims continued weeks compensated reported in the appropriate category determined by the nature of the base-period wages.
- Includes offsets and intercepts.
- Excludes retroactive payment for a compensable waiting period.
- Excludes episodic compensation programs such as Extended Benefits, Disaster Unemployment Assistance, and Trade Readjustment Allowances.
- Excludes adjustments.
- Excludes workshare claims. Workshare will be reported separately and is excluded from that part of the report for "ALL" continued weeks compensated.

Edit checks can be found in Handbook 402, Unemployment Insurance Required Reports User's Manual, Appendix C.

## E. Definitions

Definitions, unless otherwise specified in these instructions, will follow the definitions for the ETA 5159 and the ETA 9050 found elsewhere in this handbook.

1. Continued Weeks Compensated. For purposes of this report, these are payments for weeks of unemployment subsequent to the payment for the first compensable week in a benefit year.  
Includes total, partial/part-total payments, full or partial offsets to satisfy an outstanding overpayment, a child support intercept order or a food stamp overissuance, and payments resulting from the reversal of a single or multi-claimant adjudication by a lower or higher authority appeal decision or by a court decision.  
Excludes all adjustment payments for a previously paid week. For discussion of determining the first compensable week, see 9050, E.1.
2. Continued Weeks Compensated Time Lapse. The number of days from the end of the continued week to the date the payment is made in-person, mailed or offset or an intercept is applied on a claim.
