CRASH CAUSAL FACTORS PROGRAM: KNOWLEDGE OF SYSTEMS AND PROCESSES

Information Collection (IC) 2: Sample Design; Partnerships and
Coordination

Survey Protocols

DRAFT
April 2023

**FMCSA Crash Causal Factors Program: Knowledge of
Systems and Processes
Information Collection (IC) 2: Sample Design; Partnerships
and Coordination
Survey Protocols**

Contents

1. IC-2: Sample Design; Partnerships and Coordination.....3
1.1 Chief Executives.....3
1.2 State or Local Agreements.....4

1. IC-2: SAMPLE DESIGN; PARTNERSHIPS AND COORDINATION

1.1 CHIEF EXECUTIVES

Respondent(s): Identified in IC-1, 1.4.1

SURVEY LANDING PAGE

As authorized in the Bipartisan Infrastructure Law, the Federal Motor Carrier Administration (FMCSA) is establishing a Crash Causal Factors Program. Through this program, FMCSA will execute a multi-phased study of commercial motor vehicle (CMV) crash causal factors, with Phase 1 focused on fatal crashes involving Class 7/8 large trucks: the Large Truck Crash Causal Factors Study (LTCCFS).

FMCSA is currently planning the LTCCFS—a widescale, detailed crash data collection and analysis effort intended to identify the key factors that contribute to fatal large truck crashes and inform countermeasures to prevent these crashes from happening.

Where possible, the LTCCFS will leverage existing State and local jurisdiction resources, equipment, and infrastructure to collect study data.

The purpose of this survey is to understand your agency’s ability to participate in the LTCCFS.

If you have any questions about the study, or about the information being requested in the survey, please contact Dan Meyer, FMCSA Transportation Specialist, at dan.meyer@dot.gov or (202) 366-2616.

If you have technical difficulties with the online survey tool, please e-mail CCFP@dot.gov or call [INSERT Volpe POC] at (617) 494-XXXX.

Thank you in advance for your time; your participation is greatly appreciated!

1.1.1 Would there be any challenges in participating? If so, please identify which types:
Select all that apply.

- Available enforcement resources (i.e., sufficient staffing)
- IT infrastructure limitations
- Data sharing/privacy concerns
- Other (please describe):
- No challenges anticipated **[SKIP TO 2.1.2]**

a. **[IF CHALLENGES IDENTIFIED IN 2.1.1]** Please share any additional information about the challenges your State may need to overcome to participate in the Large Truck Crash Causal Factors Study:

1.1.2 Would you like FMCSA to contact you to discuss the Large Truck Crash Causal Factors Study prior to your participation?

1.2 STATE OR LOCAL AGREEMENTS

Respondent(s): Identified in IC-1, 1.4.2 [Agreements]

SURVEY LANDING PAGE

As authorized in the Bipartisan Infrastructure Law, the Federal Motor Carrier Administration (FMCSA) is establishing a Crash Causal Factors Program. Through this program, FMCSA will execute a multi-phased study of commercial motor vehicle (CMV) crash causal factors, with Phase 1 focused on fatal crashes involving Class 7/8 large trucks: the Large Truck Crash Causal Factors Study (LTCCFS).

FMCSA is currently planning the LTCCFS—a widescale, detailed crash data collection and analysis effort intended to identify the key factors that contribute to fatal large truck crashes and inform countermeasures to prevent these crashes from happening.

Where possible, the LTCCFS will leverage existing State and local jurisdiction resources, equipment, and infrastructure to collect study data.

The purpose of this survey is to understand data sharing or other agreements required to allow your agency to participate in the LTCCFS.

If you have any questions about the study, or about the information being requested in the survey, please contact Dan Meyer, FMCSA Transportation Specialist, at dan.meyer@dot.gov or (202) 366-2616.

If you have technical difficulties with the online survey tool, please e-mail CCFP@dot.gov or call [INSERT Volpe POC] at (617) 494-XXXX.

Thank you in advance for your time; your participation is greatly appreciated!

1.2.1 If your agency were to participate in the Large Truck Crash Causal Factors Study, what data sharing or other agreements would your State require to participate? *Please specify below.*

DRAFT
