Lender Narrative – Section 232/241(a) Supplemental Loan

U.S. Department of Housing and Urban Development Office of Residential Care Facilities

OMB Approval No. 2502-0605 (exp. 01/31/2026)

Public reporting burden for this collection of information is estimated to average 73 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

Privacy Act Statement: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is used to review applications within HUD. No information will be disclosed outside of HUD. The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No applications will be reviewed or approved without the necessary information requested. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, sufficient detail to justify the changes must be provided. This narrative is to identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- **Charts:** The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- Applicability: If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add " Not Applicable" to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also

submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g., \boxtimes).

Special or Atypical Underwriting Considerations

There are NO special or atypical underwriting considerations.
The following are unique characteristics, key deal points, special, or atypical underwriting considerations:

<< Examples:

Operations – **base year**

- Facility will be master leased
- *Identity-of-interest issues*
- Timing issues for closing or permits, land, licensing, etc.
- A combination of an addition and a renovation
- Repairs required by State regulatory authority
- Renovation not adding value to project
- Change in participants as part of the 241a
- Land is being added to the existing site
- Shared costs/expenses with other facilities
- The existing project is part of a building with shared walls/floors with non-HUD insured or other HUD-insured project and expenses were allocated in financial statements

This section should not be a lengthy restatement of the rest of the narrative. It is merely to highlight key points.>>

3.	Is less than continuous protective oversight provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who do not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (Not applicable for SNFs.)		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (Not applicable for SNFs.)		
8.	Are there floodways or coastal high hazard areas located onsite*?		
9.	Does the project not meet program intent such as hospitals, clinics, diagnostic and treatment centers, group practice facilities, and halfway houses?		
10.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
11.	Has construction or site work commenced without prior HUD approval?		
12.	Is the project a long-term acute care facility?		
13.	Does the project NOT meet REMIC eligibility requirements?		
14.	For Green MIP projects, did the project Architect or the energy design professional determine that the project will not achieve the selected green building certification, energy and water reductions, and Energy Star Score required for the reduction of the Green MIP rate?		
15.	For Green MIP project, are the energy conservation measures limited to the area of repairs, alterations, addition and/or new construction rather than covering the entire project?		
16.	For Green MIP projects, does the energy design professional lack the relevant experience and qualifications as provided in ORCFs Green MIP Program Guidance?		
prog	f you answered "yes" to any of the questions above, this facility is <u>not eligible</u> gram. Note: HUD will not consider changes to participate in the Green MIP prissuance of a Firm Commitment. >>		

Previous versions obsolete

*Exception: The floodway and coastal high hazard area prohibitions do not apply if only an incidental portion of the project is in the 100-year floodplain, or for critical actions, the 500-year

floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

Facility Type

Select ALL that apply:
Nursing Home
Consists of at least 20 beds.
Considered a "Skilled Nursing Facility" by Department of Health & Human Services.
Intermediate Care Facility
Consists of at least 20 beds.
Considered an "Intermediate Care Facility" by Department of Health & Human
Services.
Board and Care
Consists of at least 20 accommodations.
Provides "Continuous Protective Oversight."
Provides areas for central dining.
Offers three meals per day to each resident.
Resident must take at least one meal a day.
Regulated by the state in accordance with Section 1616(e) of the Social Security Act
(Keys Amendment)
Assisted Living
Consists of at least 20 units.
Provides "Continuous Protective Oversight."
Provides areas for central dining.
Offers three meals per day to each resident.
Resident must take at least one meal a day.
Caters to frail elderly persons (62 years and older) who need assistance with 3 or more
activities of daily living (ADLs).

Identities-of-Interest

Key Questions Yes No 1. Have you, as the lender, identified any identities of interest on your certification? 2. Does the borrower's certification indicate any identities of interest? 3. Do any of the certifications provided by principals of the borrower identify any identities of interest? 4. Does the operator's certification (if applicable) indicate any identities of interest? N/A 5. Does the Management Agent's Certification (if applicable) indicate any identities of interest? N/A 6. Does the General Contractor's certification indicate any identities of interest? 7. Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest? 8. Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete? <>For each "yes" answer above, provide a narrative discussion regarding the topic. As applicable, describe the risk and how it will be mitigated. For example: The borrower and operator are related parties – John Doe has ownership in both entities. No other identities of interest are disclosed.>> **Risk Factors Key Questions** Yes No 1. Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities? 2. Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)? 3. Is the project in a state with an Olmstead Plan, pending Olmstead-related cases, an Olmstead-related settlement agreement or order, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and

community-based settings?

		Yes	No
4.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
5.	Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor mix, etc.) to lease-up and operate the subject project?		
6.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may jeopardize the operator's license and or its provider agreements?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

If you answer "yes" to question 1, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 3, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 4, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

37...

Other Risk Factors Identified by Lender

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

Strengths

<< Provide discussion of the strengths of the transaction.>>

Underwriting Team

Lender	
Name:	
Underwriter:	
Underwriter trainee:	
Lender #:	
Site inspection date:	
Inspecting underwriter:	

Lender's Underwriter

<< Brief description of qualifications. The inspecting underwriter must be underwriter of record that is assigned to the project. >>

<u>Underwriter Trainee</u> (if applicable)

<<Brief description of qualifications.>>

Inspecting Underwriter (if applicable)

<<Brief description of qualifications. The Lean-approved Section 232 Underwriter of record for the project, employed by the lender, must visit the site AND sign this narrative. In rare circumstances this may be infeasible, in which case either the Underwriter Trainee assigned to that particular project, or another Lean-approved underwriter in that firm, may conduct the inspection. If the lender has an employee who is a licensed appraiser (not a third-party contractor), ORCF will consider approving that individual to do a site inspection on a transaction-by-transaction basis. In any instance where, consistent with this policy, the inspection is conducted by an individual other than the underwriter of record, the underwriter of record must certify the site inspection. >>

Program Guidance:	Handbook 4232.1, Section II Production, 2.5N
-------------------	--

Lender's Loan Committee Process Date of loan committee: Loan committee process: Loan committee conditions: << Provide brief narrative summary of loan committee, including: information provided; any pertinent requirements/conditions of the loan committee to gain the committee's recommendation.>> **Recommendation to HUD** << Based on analysis and underwriting, XXXXX recommends that HUD issue a firm commitment to insure the proposed mortgage for the subject transaction, subject to the terms and conditions identified in this narrative and the accompanying application exhibits.>> Third Party Reviewers **Key Questions – Architectural Reviewer** Yes No 1. Does the architectural reviewer have experience with construction within the healthcare field? 2. Is the architectural reviewer knowledgeable and experienced with local building standards and construction methods for the type of project proposed, including but not limited to the Federal Fair Housing Accessibility Guidelines (FHAG) and the Uniform Federal Accessibility Standards (UFAS)? 3. Is the architectural reviewer a registered architect or engineer? **Key Questions – Cost Analyst** Yes No

Key Questions – Environmental Consultant(s)

1. Does the cost analyst have experience in the healthcare field?

2. Is the cost analyst knowledgeable and experienced with local building standards and construction costs for the type of project proposed?

1. Does the environmental consultant(s) meet all the qualification requirements of Appendix X2 of ASTM E 1527-05?

2. Does the environmental consultant(s) meet the license/certification, educational, and experiential requirements of Section X.2.1.1(2)(i), (ii), or (iii) of Appendix X2 of ASTM E 1527-05?

3. Were any Phase II investigations performed by environmental investigator(s) specifically qualified to meet the responsibilities for the

Yes

No

		Yes	No
	issue(s) of concern?		
Key	Questions – Market Analyst		
		Yes	No
1.	Does the market analyst have the knowledge and experience to complete the assignment competently?		
2.	Is the market analyst currently active in the market analysis of other healthcare properties?		
3.	Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?		
4.	Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?		
Key	Questions - Appraiser		
		Yes	No
	Is the appraiser is a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
4.	Is the appraiser currently active in the appraisal of other healthcare properties?		
5.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
6.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
7.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		
Kev	Questions – Green MIP Energy Professional		
	questions of central Line By 2 Total Control	Yes	No
1.	Does the energy professional's qualification comply with ORCFs Green MIP Program Guidance?		
2.	Does the energy professional have experience with energy modeling for the type of healthcare project proposed ? $\ \ \ \ \ \ \ \ \ \ \ \ \ $		

NOTE: If you answer "no" to any of the questions above, the appraiser does not meet HUD requirements. The appraiser <u>must</u> be a Certified General Appraiser under the appraiser certification requirements of the state that the subject property is located, as of the effective date of the appraisal (temporary certifications are permissible) and must meet all requirements of the Competency Rule of the USPAP. Lender verification of an appraiser's current standing can be done at http://www.asc.gov. The Energy Professional must have the requisite qualifications as outlined in the Green MIP Program Guidance.

Property Description

Location/Proximity to Hospitals and Services

<< Brief narrative description about nearby hospitals and services. >>

Site

<< <u>Brief</u> narrative description about site—"as-is" and "as-proposed"—to include location, topography, size, frontage, access, etc. >>

Neighborhood

<< Brief narrative description about neighborhood area to include major cross streets and access routes; distance to services, hospitals, etc.; adjacent property uses; predominant character or neighborhood; etc.>>

Zoning					
	Legal Conforming		Legal Non-Conforming		

<<Narrative description: identify local jurisdiction; zoning designation; results of Zoning Letter provided in application submission; and discuss any variances, conditional uses, nonconformance or other pertinent issues affecting zoning. If the building is not a legal conforming use, discuss the adequacy of the zoning ordinance insurance coverage and/or recommend a condition to mitigate this risk.>>

Utilities

<<Narrative description - Identify utilities in use at site. Discuss any limitations in service and any other issues that would affect the operation of the facility. Also clearly identify the utilities to be paid by the residents.>>

Emergency Call System

<< Identify whether emergency call system proposed is included in construction contract, major movable equipment and/or borrower other fees.>>

Other

Security, Networking and Other Information Technology Systems

<< Identify whether these systems proposed are included in construction contract, major movable equipment and/or borrower other fees.

Scope of Construction

<<Narrative description of the planned improvements. The description should be sufficiently detailed to provide the HUD underwriter and the HUD review appraiser a reasonable understanding of the work involved to assess the impact on underwriting and value concerns.>>

For Green MIP projects, describe the scope of work relied upon in selecting the green building standard (e.g., gut rehab, minor renovations, adding an addition or new construction outside the footprint of the existing building; etc.) >>

Improvement Description

Building Description

<< Provide narrative description to include "as-is" and "as-proposed": number of buildings; construction types; floor area; describe common areas; etc.>>

Landscaping

<< Provide narrative description about the proposed landscaping.>>

Parking

<< Provide narrative description about the proposed parking including the number of spaces, compliance with accessibility requirements, adequacy of the parking, and any parking easements. Also, discuss any zoning or marketability issues.>>

Unit Mix & Features

<< Provide an "as-is" and "as-proposed" table or provide equivalent detail.>>

Living Unit Description

<< Provide narrative description of "as-is" and "as-proposed" units, including: appliances, flooring, included furnishings, hook-ups, patios, bathrooms, etc.>>

Obsolescence/Depreciation and Remaining Economic Life

<< There are three categories that need to be addressed. Each should be discussed in terms of the as-is and as-proposed improvements.>>

Functional Obsolescence

<>How the physical plant compares to an optimally configured project and how does that impact income potential? (Discuss for example, 3- and/or 4-bed wards; unusual design issues).>>

External Obsolescence

<< How do the market, economic environment, and location impact the income potential of the project? >>

Remaining Economic Life

<< The appraiser has estimated the economic life of the property at XX years. The appraiser has estimated the effective age of the property at XX years. Therefore, the remaining economic life is XX years. Explain the basis for this estimate. Discuss any physical depreciation associated with any improvements that are not new construction. >>

Services

<<Narrative description of "as-is" and "as-proposed" services provided. Identify which services are included in rent and which services are available for extra charges, as applicable.>>

Architectural Review

Da	te of report:		
Re	view firm:		
Re	viewer:		
Key	Questions		
		Yes	No
1.	Are any drawings or specifications to be "deferred submissions?" If yes, explain below and include special condition requiring that they be submitted prior to initial closing.		
2.	Does the architectural reviewer recommend any commitment conditions?		
3.	Are the plans and specification incomplete?		
4.	Is there an identity of interest between the design architect and any other project participant (i.e., borrower, principal of borrower, operator, and/or general contractor)?		
5.	Are there architectural review comments that have <u>not</u> been incorporated into the plans and specifications?		
6.	Are there any architectural drawings and specifications that do <u>not</u> comply with local building code standards, minimum property standards, or any other HUD requirements?		
7.	After reviewing the plans, did the architectural reviewer confirm that the plans are <u>not</u> in conformance with accessibility standards such as FHAG and UFAS requirements?		
8.	Is the design architect different from the supervisory architect?		

		Yes	No
9.	After reviewing the AIA agreement, did the architectural reviewer find the agreement was <u>not</u> complete?		
10.	After reviewing the Geotechnical Engineering Evaluation Report, did the architectural reviewer find the report <u>unacceptable</u> showing an <u>insufficient</u> number of borings provided?		
11.	After reviewing the soils report, did the architectural reviewer find the structural design <u>not</u> in compliance with the findings of the report?		
12.	After reviewing the survey, did the architectural reviewer find the survey <u>not</u> in compliance with HUD requirements?		
13.	Did the architectural reviewer find the construction progress schedule and construction period unacceptable?		

<<If you answer "yes" to any of the above questions, please address below. For example, Item 1 – Fire sprinkler system engineering will be completed by XXX, Item 3 – The completed plans and specifications will be submitted prior to closing. The architectural reviewer's inspector has identified minor revisions to the plans and specifications that will be completed and submitted to HUD prior to closing. A list of the minor revisions includes XXX. The contractor has provided confirmation acknowledging the required revisions and confirms that they do not result in changes to the costs reflected on the HUD 92328-ORCF submitted with this application package. We (the lender) recommend a Special Condition to the Firm Commitment requiring that completed acceptable plans and specifications will be submitted prior to closing.</p>

Item 4 – There is an identity of interest between the design architect and the borrower. The design architect is a principal of the borrower entity. Therefore, to meet HUD requirements, a separate AIA B108 is submitted with this package for an unrelated architect to provide the supervision services. Provide narrative describing the supervising architect's name, experience, etc. >>

Architectural Overview

<<Provide narrative describing the architectural reviewers report and conclusions and if the lender's underwriter concurs with the conclusions. Identify any modifications to the report conclusions and provide justification. Confirm if the review complies with the statement of work. Identify deliverables included in the application package. Include a narrative concerning key elements of the reviews, the appropriate HUD forms, and their correspondence with the design architect.>>

Green MIP Summary – If applicable

<<Provide narrative discussion. Include the name of the Standard Keeper and also the name of the green building certification and level that will be provided (e.g., LEED, Silver, Gold, etc.). Include the current Energy Star Score and provide the current baseline Energy Use Intensity (kBtu/ft²) as analyzed in the Statement of Energy Performance (SEP), and/or, if new construction or an addition is contemplated, provide the design (proposed) Energy Use Intensity (kBtu/ft²) results and prospective Energy Score Rating as analyzed in the Statement of Energy Design</p>

Intent (SEDI) Report. Confirm that the proposed energy and water reductions, the green building certification and the required Energy Star Score will be achieved per ORCFs Green MIP Program Guidance. Energy Conservation measures must be designed for the entire project>>

Construction Progress Schedule

<< Provide narrative discussion of the construction period as projected by the general contractor and project architect. Indicate if architectural reviewer agrees. Typically, an updated Construction Progress Schedule that accurately reflects the month and date of construction start and completion will be needed prior to closing. For Green MIP projects, the project Architect, energy design professional and Green Building Standard Keeper/rater must coordinate with the general contractor to include milestones for the green building inspections. >>

Conclusion

<< Indicate if the review architect has appropriately addressed all architectural aspects of the development and the firm commitment application.>>

Cost Review

Da	te of report:		
Re	view firm:		
Co	st analyst:		
Key	Questions	•	.
		Yes	No
1.	Are there any variances in excess of 10% between the general contractor's Form HUD-92328-ORCF line items and the cost analyst's Form HUD-92326?		
2.	Is the total reflected on the cost analyst's Form HUD-92326 more than 10% higher or lower than the total cost breakdown on Form HUD-92328-ORCF?		
3.	Will any one subcontractor, material supplier, or equipment lessor be awarded more than 50% of the construction contract?		
4.	Will three or fewer subcontractors, material suppliers, or equipment lessors be awarded more than 75% of the construction contract in aggregate?		
5.	Does or will the contractor have any identities of interest with any subcontractors, material suppliers, or equipment lessors?		
6.	Did the cost analyst find any evidence of front-loading in the contractor's cost estimate?		
7.	Is the builder's overhead more than 2% of the total land improvements, total structures and general requirements?		

			Yes	No

Replacement Reserves

<u>Program Guidance</u>: Handbook 4232.1, Section II Production, Chapter 2.8.

Underwritten Reserve for Replacement

Annual Replacement Reserve Deposit Summary			
	Annually	Per Unit	
Existing deposit to the reserve for replacement	\$	\$	
Additional reserve for replacement <u>proposed</u> :	\$	\$	
Total	\$	\$	

Initial Replacement Reserve Deposit Summary				
Per Unit				
Existing reserve for replacement balance Additional initial deposit to reserve for replacement account	\$	\$		
Total balance at initial closing	\$	\$		

<< Provide narrative discussion regarding how the above amounts were determined.>>

For Green MIP projects, the replacement reserve schedule must specify all appliances and heating and air conditioning systems as ENERGY STAR® when replaced. For lighting, electrical, and mechanical equipment, and building envelope components with no available ENERGY STAR® label, the replacement reserve schedule must specify high performance and/or sustainable replacements. To meet the ongoing obligations with respect to the Green MIP, if the existing replacement reserve schedule does not specify replacement with ENERGY STAR® label items or high performance and/or sustainable items, as applicable, submit a new PCNA with an updated Reserve for Replacement schedule.

3.	Do the underwriting assumptions include any real estate tax abatement exemptions?	ts or	
4.	Are there any special escrows or reserves proposed for this transaction	1?	
5.	Does the underwriting include income from adult day care? (Note: Non-resident adult day care space <u>may not</u> be located on a separate site. The adult day capace will not be considered commercial space; however, the space may not exceed the gross floor area of the facility and the income may not exceed 20% of gross inco Provide a Certificate of Need or operating license, if applicable.)	care 20% of	
6.	Are there any other issues that require special or a-typical underwriting considerations?	g	
7.	Does the submission date of the application (date the application enter queue) exceed the 120-day timeframe from the effective date of the	rs the	
	appraisal?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

Hypothetical Conditions and Extraordinary Assumptions

Hypothetical Conditions

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed/required repairs are completed. There are no other hypothetical conditions.">>>

Extraordinary Assumptions

<<Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>>

Jurisdictional Exceptions

<<These are rare and should be discussed with HUD before invoking. >>

Market Analysis

separa	e Market Study may be an integral part of the appraisal and need not appear tte cover. If under separate cover, the Market Study should have the same au sal, so the valuation is consistent with the market conclusions.>>		he
	of analysis: et analysis firm:		
	et analyst:		
Key Q	puestions	Yes	N
	the subject located in a declining market in terms of population, target opulation, real estate values, or employment?		
2. A	re there any negative market influences that require special consideration?		
3. Is	there a projected or current oversupply that could affect the subject?		

<< For each "yes" answer above, provide a narrative discussion regarding the topic, describing

the risk and how it is mitigated. For example, "Oversupply: The projected oversupply is

specifically addressed in the Risk Factors section of this narrative.">>

Market Overview

<< Provide an overview of the market analysis, including general growth and population information, barriers to entry, unique market influences, etc. Please be brief in this section and refrain from pasting large sections from the market study here.>>

Primary Market Area

<<Describe primary market area and method of selection (e.g., distance, zip codes, etc.). When making your conclusions about the size of the PMA, pay close attention to where the existing competitors are drawing their tenants from.>>

Target Population

<<Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.)
and acuity of care.>>

Demand

<<Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care of the target population. Describe target population demographics and demand factors.>>

Competitive Environment (Supply)

<<Describe and identify competing facilities, planned facilities, facilities under construction, and other supply factors that compete with the subject facility. Description of supply should include types of facilities, acuity, and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment.>>

Conclusion

<< Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds.>>

Income Capitalization Approach

Census Mix

An analysis of the subject and market comparable census mix is provided below.

Census Mix - Market Comparables

(% of beds not revenue)

Care Type

Comparable Name

Comparable Name

<<Indicate if the percentages quoted represent a single day survey, or are a year-over average. Provide narrative discussion of conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide the above analysis for each care type. An equivalent analysis of the information provided above is required. Additional analysis can be provided at the Lender's option to support its conclusion, as appropriate.>>

Subject Occupancy History - As Is

A summary of the subject's occupancy is provided below.

(Double click inside the Excel Table to add information)

CARE TYPE	Historical Occupancy	Year ending XX/XX/XX	Year ending XX/XX/XX
	Potential Days		
Skilled Nursing	Actual Days		

<<Pre>rovide a brief narrative discussion the occupancy of conclusions. Address any significant
shifts in occupancy. >>

(Double click inside the Excel Table to add information)

Period App Income Source SN-Private-pay

<< Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert that number to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

<< Provide narrative discussion and support for each other income category as appropriate A few examples follow:

Additional Personal Care Fees

The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a <u>net</u> amount of \$X annually based on his analysis of comparable data << insert comparable data as appropriate. Identify any modification from the appraiser's concluded fees and provide justification.>>

Second Occupant Income

The appraiser has included a net annual projection of X second occupants at X per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X. Identify any modification from the appraiser's concluded fees and provide justification.

Miscellaneous Income <<delete paragraph if not applicable>>

In addition to room rents, additional care, and second occupant income, the project will receive miscellaneous income from <list miscellaneous>>. The appraiser has included a net annual projection of \$X. Typically, miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X\$ per annum (calculation shown). Identify any modification from the appraiser's concluded fees and provide justification.>>

Rents

The rent schedule is currently as follows:

- << Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject rent schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>
- << <u>Instructions</u>: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (Skilled Nursing, Assisted Living, and Independent Living) that do not apply to your subject.>>

SKILLED NURSING

Private Pay

The appraiser and underwriter analyzed the private pay rates at XXX comparable facilities. A summary of their analysis is provided below.

Rent Comparability Analysis

Potential# Res Days OR Units Annually								
Actual# Res Days OR Occ. Units								

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Capitalization Rate

<<The selection of the capitalization rate should be primarily based on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

(Double click inside the Excel Table to add information)

Capitalization Rate Summary	City	State	
Cap Rate Comp 1 - Name			
Cap Rate Comp 2 - Name			

<<Provide narrative discussion as necessary. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Sales Comparison Approach

(Double click inside the Excel Table to add information)

Summary of Comparable Sales	City	State	
Sales Comp 1 - Name			
Sales Comp 2 - Name			

Price per Unit/Bed

<<Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and which comparables best represent the subject facility. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Effective Gross Income Multiplier (EGIM)

<<Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Cost Approach

Development Cost

<< Provide narrative discussion. This section is a place for the lender to summarize the cost conclusions of the appraisal. The costs in this section will be different than those in the Cost Review Section. This section will focus on market costs, as opposed to the Cost Reviewer Section that is geared toward HUD-specific costs, such as Davis-Bacon wages.>>

Depreciation

<< With new construction, this typically does not apply. However, if the appraiser concludes there is external obsolescence or depreciation associated with a preexisting structure, it should be discussed here.>>

Major Movable Equipment

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.g., borrower or operator).>>

Land Value

<< Provide narrative discussion of assumptions and conclusion. Include an analysis of the comparable data.>>

Reconciliation

(Double click inside the Excel Table to add information)

Approach	Appraisal - As	Underwriter - As	Appraisal - As Is	Underwriter - As Is
	Proposed	Proposed		
In come Capitalization				
Sales Comparison				
Cost Approach (if utilized)				
Conclusion:				

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example, "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

Lender Modifications

<<State if the lender concurs or not with the appraiser's value conclusion. When there is a disagreement, summarize the valuation modifications made by the lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIRREA rule at issue in the narrative.>>

Initial Operating Deficit

Note that existing operations may be considered in the prelease.

Unit type	# of Beds	UW Occupan
Assisted Living		
Memory Care		
Skilled Nursing/Sub-Acute		

<< Use Form 91128-ORCF to calculate the Initial Operating Deficit. Enter a summary above and a narrative explanation below as needed below.>>

Key Questions

\mathbf{Y}	es	No
1. Has the lender revised the expense floors in the Form HUD-91128-ORCF Template?		

<< If yes, please explain the modifications made and provide justification for these changes.>>

ALTA/ACSM Land Title Survey Date: Firm: **Key Questions** Yes No 1. Have there been any material changes in the legal description of the property since the date of the existing survey (e.g., due to a partial release, the addition of property or both)? 2. Have any new easements affecting the property been granted since the date of the existing survey (other than blanket easements or other easements that clearly do not conflict with use of project facilities, as determined by HUD)? 3. Have any additional improvements (including driveways and parking areas) been constructed on the property since the date of the existing survey? *If you answer "no" to all of the above questions, copies of the most recent signed and certified* "as-built" survey, accepted by HUD, must be provided (originals are not required). No further review is needed. If copies are not available, a current "as-built" survey, confirming to the **HUD Survey Instructions & Owner's Certification** may be required and the ALTA/ASCM Land Title Survey addendum must be attached to this narrative. If a current "as-built" survey is submitted, COMPLETE THE KEY QUESTIONS BELOW.>> << If you answer "yes" to any of the above questions, a current "as-built" survey, confirming to the HUD Survey Instructions & Owner's Certification is required. COMPLETE THE QUESTIONS BELOW.>> Yes No 4. Are there any differences between the legal description on the survey and legal description included in the pro forma title policy, third party appraisal, Phase 1 and Exhibit A of the Firm Commitment? 5. Are there any revisions or modification required to the survey prior to closing? 6. Does the survey indicate any boundary encroachments?

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated and the effect on value or the marketability of the project. For example, "Encroachments: The survey indicates an encroachment of the adjoining property

7. Does the survey evidence any buildings encroaching on utility or other

8. Are there any unusual circumstances or items that require special

Pha	ase I Environmental Site Assessment					
Da	te of inspection:					
Fir	m:					
Co	nsultant:					
Ke	y Questions					

1.	Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)?	Yes	No
2.	Was the Phase I consultant provided with an accurate description of all repairs, site work, construction and/or demolition to be completed?		
3.	Does the Phase I investigation include all of the following?		
	A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		
<< <u>E</u>	Explain any "no" answer above. >>		
Key	Questions		
		Yes	No
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?		
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating or non-operating) is located on the site?		
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?		
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8.	Do the Phase I or II reports recommend any required repairs?		
9.	Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.)		
10.	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of submission, is not acceptable. ORCF is not able to waive this requirement.)		

<<For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Radon

Program Guidance: Handbook 4232.1, Section II, Production, Chapter 7.8. Section projects should follow the Substantial Rehabilitation guidance for the existing portion building and any addition should follow the New Construction guidance.	` ′	
Date of Testing: Firm: Radon Professional: Certification/License Information:		
EPA Radon Zone:		
 Key Questions—Existing Building Was the radon report conducted by a qualified Radon Professional? Was testing performed no earlier than 1 year prior to application submission? Were occupants informed of the testing in the manner described in ANSI-AARST MALB-2014 (or more recent edition)? Is mitigation required due to radon levels at or above 4.0 picocuries per liter (4.0 pCi/L)? (If no, move on). Is a mitigation plan in compliance with ANSI-AARST RMS-LB 2014, Radon Mitigation Standards for Schools and Large Buildings included in the construction scope of work? Was an Operations and Maintenance Plan included in the application? < 	Yes	
Key Questions—New Construction Portion of the Project	Yes	No
1. Does the construction scope of work include radon resistant construction as required by Chapter 7.8?		
<< Provide narrative discussion of radon risk applicable to the subject project.>>		
Lender Comments <- Provide a brief summary of comments made by underwriter. If none, state none.	>>	

Other Environmental Concerns

Key Questions

			Yes	No
1.		the subject located within a designated coastal barrier resource area? (If provide evidence.)		
2.	No	ise:		
	a.	Is the subject located within 5 miles of a civil airport or within 15 miles of a military airfield?		
	b.	Is the project located within 1,000 feet of major highways or busy roads?		
	c.	Is the project located within 3,000 feet of a railroad?		
	d.	Is the subject's marketability impacted by noise?		
3.	pro	e there existing or proposed stationary tanks containing explosive or fire- one materials on the site or nearby the site that are visible from satellite ages or site reconnaissance?		
	a.	Was a safety letter from the state or local fire department NOT provided for each tank?		
4.	Ar	e there any wetlands on or adjacent to the subject site?		
	a.	If so, will the project impact or disturb wetland areas or their buffer zones?		
5.		e any repairs or modifications to the project likely to affect any listed or oposed endangered or threatened species or critical habitats?		
6.	Is t	the subject located on a sole source aquifer?		
7.	Ar	e there any known landfills within ½-mile of the site?		
8.	Co	the project subject to an Activity and Use Limitation, Engineering ntrol, and/or Institutional Control related to an environmental concern? so, provide the information to the Phase I environmental consultant.)		
9.	the	es the project utilize a private water supply? (If so provide evidence that water quality meets local, state or Federal standards; for example, dence that the water meets the EPA Primary Drinking Water Standards.)		
10.		ses the project involve a private sewage treatment system?		
	Ar	e any on-site structures located within the easement of an overhead high ltage transmission line?		
12.		e any buildings located in the fall zone of a support structure for high ltage transmission lines or any other towers?		
13.		any structure located within 10 feet of an easement for a high pressure gas liquid petroleum transportation pipeline?		
14.	aba	a residential structure located within 300 feet of an operating or andoned oil or gas well? (If so, refer to Handbook 4232.1, Section II, oduction, 7.5.K.3.)		
15.	Do	any of the repairs change the footprint of the building(s)?		

	Yes	No
16. Does the project site include a structure that was built before 1978? (If no, move on to Question 17)		
a. Was a comprehensive asbestos survey performed by a qualified asbestos inspector pursuant to the "baseline survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided? (Required for all buildings constructed before 1978. If provided, check "No.")		
b. Did the asbestos survey identify any friable and/or damaged asbestos?		
c. Does the project involve asbestos removal? (Asbestos removal may involve additional risk, and may have a direct impact on residents and workers and ongoing facility operations. An operating deficit, for example, may need to be required if removal is to occur after		
endorsement.)		
17. Does the proposal include demolition of a structure that was built before 1978? (If no, move on to Question 18)		
a. Was a comprehensive asbestos survey performed by a qualified inspector pursuant to the "pre-construction survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided?		
18. Other than the aforementioned, are there any other environmental issues identified by the Phase I or II reports or lender's due diligence?		
19. Was a floodplain map with the subject site clearly marked on it NOT provided?		
20. Was a preliminary or pending flood map of the project's location available on the FEMA website? If so, provide a copy of this map with the subject site marked on it.		
21. Was a wetland map with the subject site clearly marked on it NOT provided?

Site Work, Ground Disturbance or Digging		
Program Guidance: Handbook 4232.1, Section II Production, 7.5.		
If the project includes any ground disturbance, contact <u>LeanThinking@hud.gov</u> in application submission so that ORCF may initiate agency to agency contact. Includescription including type of project, purpose of the project, the proposed activities and the current condition of the site (what is on the site now) as well as a location view map, site layout map and a topographic map in your request to Lean Thinking	de a proje s/site work map, aerio	ect K,

Examples of ground disturbance include, but are not limited to, tree removal, burying a tank, new parking, changes in building footprint, adding a new fence, etc. If there is uncertainty

regarding what may constitute ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission.

Key	Questions		
1	Will there be any site work, construction, ground disturbance or digging? (If	Yes	No
1.	no, move on)		
2.	Was a request for Tribal Consultation submitted to <u>LeanThinking@hud.gov</u>		
	in advance of application submittal?		
3.	Was a site plan provided showing where site work, ground disturbance		
_	and/or digging will occur?		
4.	Was documentation provided showing that a Section 7 Endangered Species		
5	review was completed? Was evidence that the project is in compliance with the State's Coastal Zone		
٥.	Management Program provided if located in a designated coastal zone?		
6.	Did the correspondence with the State Historic Preservation Office (SHPO)		
	accurately reflect the proposed site work, ground disturbance or digging as		
	well as any planned repairs and/or construction?		
7.	Are there any wetlands on or adjacent to the site that could be potentially		
	impacted by the construction or site work either directly or indirectly via		
	drainage, etc.?		
Ω	a. If yes, was HUD contacted in advance to conduct an 8 step? Is the project site located in a flood plain?		
0.	a. If the footprint of the building or pavement will be significantly		
	increased, was HUD contacted in advance to conduct the 8-step		
	decision making process (24 CFR Part 55.20)?		
< <p< td=""><td>Provide relevant narrative for above questions.>></td><td></td><td></td></p<>	Provide relevant narrative for above questions.>>		
Inc	reases in Units or Beds		
Key	Questions		
1	TATEL 1 1 2 /TC	Yes	No
1.	Will there be an increase in units or beds? (If no, move on.) a. Are there any current Aboveground Storage Tanks (ASTs) on or		
	a. Are there any current Aboveground Storage Tanks (ASTs) on or directly visible on the site?		
	b. Will any ASTs be added?		
	c. Was an Acceptable Separation Distance (ASD) calculation or		
	mitigation plan submitted for all current or proposed ASTs?		
	(Note that a tank safety letter IS NOT sufficient for projects that		
	are increasing in units or beds. Refer to Handbook chapter		
	7.5.F.)		
	d. Was a HUD compliant noise analysis provided?		
< <p< td=""><td>Provide relevant narrative for above questions.>></td><td></td><td></td></p<>	Provide relevant narrative for above questions.>>		

State Historic Preservation Office (SHPO) Clearance

Program Guidance: Routine maintenance definition: For SHPO review purposes, HUD has a specific definition of routine maintenance that may differ from other definitions. See Notice CPD-16-02 for HUD's definition.

Note, if the answer to Key Questions 4 or 5 is yes, then the SHPO **must** be contacted. The lender may submit a Section 106 request to SHPO in order to expedite the process.

<< Provide narrative description indicating whether or not SHPO has been contacted, information sent to SHPO, and any response received. For example: "Since we are not making changes to the exterior of the building, and internal repairs are limited to routine maintenance as defined in Notice CPD-16-02 there is no impact on any historical property.">>>

Key Questions

		1 (3	110
1.	Was the SHPO contacted?		
2.	Was the SHPO website for the project's state reviewed for any specific information required by that SHPO and was this information provided?		
3.	Was all correspondence with the SHPO provided in the application?		
4.	Are there any known historic preservation issues related to the subject?		
5.	Does the project involve repairs in excess of routine maintenance (as defined in Notice CPD-16-02), construction, or ground disturbance?		
6.	Have any other archeological or cultural resource centers been consulted?		

<<As applicable, for each "yes" answer above, provide a narrative discussion on the topic. For example: "We have received a letter from the XXXX State Historic Preservation Office, dated XXXX. It was determined that the site is of no historical or suspected cultural significance. No additional investigation was recommended by the State." Please indicate if a response has not been received. If the SHPO concluded that the project will have an adverse effect, please explain how this will be mitigated .>>

Area of Potential Effects

Program Guidance: Handbook 4232.1, Section II Production, Chapter 7. In situations where the SHPO was contacted, provide a description of the Area of Potential Effects (APE) that was included in the correspondence that was sent to the SHPO.

<<Provide a narrative discussion on the Area of Potential Effects. For example: "The subject is located in the X Historic District, so we have determined that the APE is the entire Historic District." Or, "The subject is not located near any properties that are on or eligible for the National Register of Historic Places, so the APE is only the subject site., etc. >>

<>If you answer "yes" to any of the above questions, identify the risk factor and how it is mitigated below. For example, Item 7 – Contractor has less than 5% working capital. Contractor may hypothecate fixed assets. The contractor has a sale pending on another building that they have constructed. Lender will provide evidence prior to closing that funds are available to meet the 5% working capital.">>>

General Review

<<Provide narrative and analysis of financial statements as appropriate. In addition to the Key Questions above, net working capital should be discussed along with the general financial stability and strength of the entity.>>

Working Capital Analysis

<< Provide narrative and analysis of contractor's working capital. Analysis should discuss appropriate adjustments to current assets and liabilities; how you account for work-in-progress; lines-of-credit; verifications of deposit; etc.</p>

Example: XXXX current balance sheet is summarized below.

	Financial Statement As of		Working Capital	
Current Acceta		XXXXXXXX		Analysis
Current Assets	Φ.	4 000 000	•	1 000 000
Cash Accounts	\$	1,200,000	\$	1,200,000
Retainage Receivable		3,600,000		3,600,000
Accounts Receivable		4,900,000		4,700,000
Accounts Receivable - Employees		110,000		-
Accounts Receivable - RELATED		5,000		-
Accounts Receivable - RELATED		25,000		-
Cost & Profit in Excess of Bill		650,000		650,000
Prepaid Insurance		150,000		
Total Current Assets	\$	10,640,000	\$	10,150,000
Current Liabilities				
Retainage Payable	\$	2,680,000	\$	2,680,000
Accounts Payable		4,720,000		4,720,000
Profit Sharing Payable		-		-

Current Portion of Notes Payable	66,000		66,000	
Accrued Payables	445,000		445,000	
Total Current Liabilities	\$ 7,911,000	<u> </u>	7,911,000	

The underwriter has made the following modification for the working capital analysis:

Example:

- Only used accounts receivable less than 90 days old
- Did not use accounts receivable from related parties.
- Did not include prepaid expenses.

The underwriter's analysis of Work in Progress is as follows:

	Contract	% Compl	Contract		Used for Work In
Job	Amount	ete	Balance	_	Progress
Project A	\$ 309,875	87.0%	\$ 40,284		\$ 40,284
Project B	25,790,007	92.6%	1,908,461		-
Project C	11,050,619	99.6%	44,202		-
Project D	1,673,600	66.5%	560,656		560,656
Project E	5,935,000	77.0%	1,365,050		1,365,050
<i>:</i>	8,807,800	61.0%	3,435,042		3,435,042
:	196,200	42.2%	113,404		113,404
:	244,429	39.2%	148,613		148,613

:	100,164	16.8%	83,336		83,336
:	2,063,500	4.6%	1,968,579		1,968,579
:	74,434	36.5%	47,266		47,266
:	922,400	25.7%	685,343	_	685,343
	\$		\$		ф 0.447.F70
	58,001,834)/ a.f. 14/al	10,416,912	_	\$ 8,447,572
	59	% OT VVORI	k in Progress	=	422,379

The underwriter calculated the working capital necessary for the work in progress as 5% of the contract balances for all work that was less than 90% complete. The working capital for the planned sister facility in XXXXX is 5% of the contract amount of \$6,356,426. The working capital for the subject is 5% of the contract amount of \$6,502,743.

Based on the above adjustments and analysis, the underwriter concludes to the following working capital analysis:

Current Assets	10,150,000
Current Liabilities	(7,911,000)
Working Capital	\$ 2,239,000
Working Capital for Other Work in Progress	(422,379)
Working Capital for planned SISTER Facility	(317,821)
Working Capital for Subject	(325,137)
Excess Working Capital	\$ 1,173,663

The contractor clearly demonstrates sufficient working capital for the current work in progress and the planned sister facility and the subject facility. In addition to the above working capital, the contractor also has a \$XXXXM revolving line of credit that currently has no balance. The line of credit is available to supplement the above working capital, if necessary, during construction. >>

Conclusion

<<Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The general contractor has demonstrated an acceptable financial and credit history. The general contractor has the experience to complete the construction. The underwriter recommends this General Contractor for approval as an acceptable participant in this transaction.">>>

Operation of the Facility

Administrator

Name:

Key Questions	Yes N
1. Will the facility be subleased (master	
· · · · · · · · · · · · · · · · · · ·	that will expire within 5 years with no
lease renewal options? (See guidance	

		Yes	No
3.	Does the lease contain any non-disturbance provisions?		
4.	Does the lease require the borrower to escrow any funds other than those associated with this loan?		
5.	Are there proposed changes to the current operating lease?		
6.	Has the lender recommended any special conditions concerning the lease?		
7.	Does the current lease payment need to be increased to provide sufficient debt coverage for the mortgage payment, MIP, other insurance premiums,		
	taxes, reserves, or impounds?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Lease Payment – During Construction

<< Provide narrative explaining the terms of the lease and the payments to be made during the construction and/or rehabilitation.>>

Lease Payment – During Lease Up

<< Provide narrative explaining the terms of the lease and the payments to be made while the *project is in lease-up.>>*

Lease Payment Analysis – As Proposed

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
	Annual mortgage insurance premium	
C.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
	36.1	d
h	Minimum annual lease payment	\$

<< Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm

17...

commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>

Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

Accounts Receivable (A/R) Financing

Key	y Questions	Yes
1.	Does the subject project have Accounts Receivable (AR) financing? If yes, complete remainder of AR Financing section; if no, move to Insurance.

-•	parent of the operator, or any of those entities' principals?	
2.	Are the guarantors guaranteeing performance on any other AR loans?	
3.	Does the AR loan involve multiple facilities or borrowers?	
	a. Does the AR loan involve any non-HUD-insured properties?	
	b. Is the subject being added to an existing AR line that has already been reviewed/approved by HUD?	
4.	Is there an identity of interest between the AR lender and the AR borrower?	
5.	Is there a conflict of interest between the AR lender and the borrower or its	
	principals (as defined in Handbook 4232.1, 15.4.E or its successors)?	
6.	Does the maximum AR loan amount exceed 85% of the Medicaid,	
	Medicare, and other governmental accounts receivable less than 121 days old?	
7		
/.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old?	

		Yes	No
8.	Does the AR lender have less than 3 years of experience providing AR financing?		
9.	Does the AR lender NOT monitor the borrowing base on a regular basis (i.e. daily, weekly, or monthly basis)?		
10.	Is the borrower or operator out of compliance with any business agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?		
11.	Is the AR loan being syndicated or participated?		
12.	Does the Intercreditor Agreement (ICA) propose additional obligations beyond those allowed as the types of AR Loan Obligations that may be secured by project collateral?		
13.	Does the ICA propose loan extensions or interest rate changes?		
14.	Does the ICA include any cross-default or cross-collateralization provisions?		
15.	Does the ICA identify a flow of funds consistent with the cash flow chart?		
oroj the A HUI	For each "yes" answer above, provide a narrative discussion regarding the top ects being added to an existing HUD-Insured AR line, provide specific informat AR line was originated (date), when documents were reviewed/approved by HUD OGC field office performed he review, and provide a listing of projects partici(project name, FHA#).>>	ion on wh D, which	

Terms and Conditions

- 1. Describe the borrowing base formula (e.g., XX% of AR borrower's accounts receivable up to 120 days):
- 2. Describe term and renewal options:
- 3. Describe the rate applied to the used and unused portions of the AR loan:
- 4. Describe other fees (i.e., financing fees, late payment fees, etc.):

Mechanisms for operator receipts, disbursements, and control of operator funds:

<<Describe the flow of all funds, into and out of accounts. Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

Collateral Security

<<Provide narrative description of the AR lender's collateral/security. Explain any unsecured
AR financing.>>

Permitted Uses and Payment Priorities

<<Provide descriptions of the permitted uses of the AR loan funds in order of priority. For
example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and
(3) distributions to the operator's shareholders.>>

Financial Analysis

Calculations as of: (Date of AR aging report submitted with application)

Borrowing Base Analysis

(Double click inside the Excel Table to add information)

Calculations as of: **DATE**(of AR aging report submitted with application materials)

Historical AR Loan Costs

<<If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

Historical AR Loan Costs

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees << list types of fees>>, which total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

Trailing 12-Month Operating History			
Operating revenue	\$		
Less: Operating expenses			
Net Operating Income (NOI)	\$		
Annual P&I + MIP	\$		
AR fee: Interest			
AR fee: Other			
Total annual mortgage and AR debt service	\$		
DSCR including AR			

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple HUD-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Recommendation

<<The lender recommends approval of the AR loan.>>

Insurance

Professional Liability Coverage

Program Guidance: Handbook 4232.1, Section II Production, Appendix 14.1.			
Name(s) of Insured:			
Insurance Company:			
Rating:	Rater:		
Insurance company is licensed in the United States:	Yes No		
Statute of limitations:			
Current coverage:	Per occurrence:		
	Aggregate:		
<u>OR</u>	Deductible: Self insurance retention:

Current Expiration: Retroactive Date: Policy Premium:			

Summary of Six-Year Loss History for Operator or its Parent of Operator					
	Year	Total claims paid under this policy (dollars)	Total claims paid under this policy (no. of claims)	Total bed count covered under the policy	Dollars paid in claims per bed
1					
2					
3					
4					
5					
6					
Total/a	average				

Key Questions

		168	110
1.	Does the insurance policy cover multiple properties?		
2.	Is less than 6 years of loss history available?		
3.	Does the loss history indicate any professional liability claims over \$35,000?		
4.	Does the loss history or potential claims certification indicate any uncovered claims?		
5.	Does the loss history or potential claims certification indicate any claims that would exceed the per occurrence or aggregate coverage limits?		
6.	Has the facility been covered by a "claims made" policy at any time during the statute of limitations for the State in which the facility is located?		
7.	Is the policy funded on a "cash front" basis?		
8.	Is an actuarial study applicable (self-insurance)? (If yes, discuss results below.)		
9.	For all facilities Owned, Operated or Managed by the operator and/or parent of the operator, are there any surveys/reports that have open G-level or higher citations outstanding? (As appropriate, provide a complete analysis of the surveys.)		
10.	Are any entities that provide resident care (as discussed in the Provider Agreements and "Resident Care Agreements/Rental Agreements) not covered by the PLI policy?		
11.	Are there any PLI issues that require special consideration?		

If you answer "yes" to any of the above questions, please address here. Examples:

<u>Multiple properties</u>: The underwriter notes that the professional liability policy is a "blanket" policy covering XXX facilities, including the subject... {Address potential impact of other facilities on the subject's coverage}

<u>Less than 6-year loss history</u>: The claims history reports were examined for the period XX through XX. The underwriter determined that there were no professional liability XX claims during that period...{address claims and sufficiency of coverage, etc. based on history}.

Claims made coverage: The project's previous professional liability insurance coverage was a "claims made" form policy with XXXX, which expired XXXX, when the current policy was put in place. In XXXX, the borrower purchased a "nose coverage" policy, which is the coverage needed when going from a "claims made" form of insurance to a "per occurrence" form of insurance. The premium for this "nose" coverage liability was a one-time charge and was paid in XXX. Because of that additional insurance coverage, the insurance expense for XXXX was substantially higher than the current expense. The current "per occurrence basis" insurance policy covers the entire statute of limitations. The project's professional liability insurance is in compliance with HUD's requirements.>>

1/00

TAT ...

Lawsuits

<<Identify all potential or expected professional liability insurance (PLI) claims in excess of \$35,000 that have been or may be filed for all periods within the statute of limitations for the state where the claim occurred. Identify any reserves held for potential claims. Discuss the risk associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.</p>

As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to the party's participation in the proposed project. Discuss how that risk is mitigated. If the suit is closed, does it contribute to a pattern? Does it materially affect the party's ability to participate in the project? If not closed, describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by insurance (general liability), and if the insurance is not sufficient, do they demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.>>

Commercial General Liability Insurance

<<Provide narrative discussion of policy coverage for bodily injury, property damage and personal injury. For example: General liability insurance will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and will re-verify this information prior to closing. The insurance coverage will comply with HUD requirements prior to closing.>>

Recommendation

<<Provide narrative recommendation regarding acceptability of professional and general liability insurance. For example: "The borrower's professional and general liability insurance was analyzed in accordance with Handbook 4232.1, Section II Production, Chapter 14 and Appendix 14.1.). The property has XX current potential (threatened) insurance claims at this time as reflected on the certification provided by the borrower. It is {lender's} opinion that the information provided above and in the application sufficiently demonstrates that the existing professional liability coverage meets HUD's requirements and that the risk from professional liability issues is sufficiently addressed. No modifications to the current coverage are recommended.">>>

Property Insurance

<<Provide narrative discussion of policy coverages as applicable, including property damage, ordinance and law coverage, and boiler and machinery/equipment breakdown insurance. . For example: "Property insurance will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and will re-verify this information prior to closing. The insurance coverage will comply with HUD requirements prior to closing.">>

Fidelity Bond/Employee Dishonesty Coverage

<< Provide narrative discussion of fidelity bond/crime insurance coverage. For example: "The current insurance policy reflects fidelity (crime) insurance with the limit of \$XX and \$XX deductible. The HUD requirement for at least two months **potential** gross income receipts would total \$XX. The current level of coverage is sufficient for this project." If not sufficient, recommend commitment condition.

Relocation Plan and Budget During Construction

<< Provide details on the relocation plan (if applicable) and the budget for such relocation plan.>>

Mortgage Loan Determinants

Program Guidance: Handbook 4232.1, Section II Production, Chapter 3.7.

Overview

The mortgage criteria shown on the Form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan to value:	\$
Amount based on debt service coverage:	\$
Amount based on total indebtedness:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

The proposed mortgage is \$ and is constrained by .

Mortgage Term

The underwriter concluded to a mortgage term of vears.

Type of Financing

The type of financing available to the borrower upon issuance of the commitment will likely be in the form of .

Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$. This is based on 90% of the replacement cost of the improvements of \$.

Criterion D: Amount Based on Loan-to-Value

The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on 90% of the underwriter's value of improvements \$ (as-proposed value minus as-is value).

Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using HUD's guidelines.

The underwriter's NOI for the project after improvement is \$ << indicate if this amount differs from the appraiser's NOI for the project after improvement>>. Annual debt service payments on outstanding indebtedness related to the property is \$. There is no annual ground rent or annual special assessments on the property. Therefore, the NOI available for the supplemental loan is \$. There is an interest rate of % and an assumed remaining term of months.

(Double click inside the Excel Table to add information)

Calculation of Net Operating Income Available for Supplemental Loan			
Net Operating Income (NOI) of Project After Improvement:	\$	-	
Percentage of NO Available for Total Debt Service		90.000%	
NCI Available for Total Debt Service	\$	-	
Less: Annual Debt Service Payments Required on			
All Outstanding Indebtedness Relating to Property:		-	
Less: Annual Ground Rent		-	
Less: Annual Special Assessment(s):		-	
Incremental NO Criterion E:	\$	-	

Criterion I: Amount Based on Total Indebtedness

The \$ total indebtedness limit was calculated in accordance with HUD guidelines. The "as proposed" value is \$. The total outstanding indebtedness relating to the property is \$. Multiply "as proposed" value by 90%, then subtract from the product 100% of the total outstanding indebtedness related to the property.

Criterion L: Deduction of Grants, Loans, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a. Amount based on estimated cost of rehabilitation	\$
---	----

b.	(1) Grants/loans/gifts	
	(2) Tax credits	
	(3) Value of leased fee	
	(4) Excess unusual land improvement cost	
	(5) Unpaid balance of special assessment	
	(6) Sum of lines (1) through (5)	\$
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

Sources & Uses - Copied From HUD 92264a-ORCF

<< Provide a statement of Sources and Uses of actual estimated cost at closing. Include all eligible and ineligible costs.>>

Secondary Sources

<<List and discuss all secondary sources, including terms and conditions of each. Secondary sources include surplus cash notes, grants/loans, tax credits, and the like.>>

Other Uses

<<Discuss any uses not previously discussed in this narrative.>>

Circumstances that May Require Additional Information

In addition to the information required in this narrative, depending upon the facility for which mortgage insurance is to be provided, the mortgagor, operator, management agent and such other parties involved in the operation of the facility, current economic conditions, or other factors or conditions as identified by HUD, HUD may require additional information from the lender to accurately determine the strengths and weaknesses of the transaction. If additional information is required, the questions will be included in an appendix that accompanies the narrative.

Special Commitment Conditions

<state "None.">>

1.

2.

Conclusion

<< Provide narrative conclusion and recommendation.>>

Signatures
