This survey is being conducted by the Federal Voting Assistance Program (FVAP), which works to ensure that all Service members, their eligible family members and overseas citizens are aware of their right to vote and have the tools to do so—from anywhere in the world. This survey will provide FVAP with critical data to help improve the services and information available to voters residing outside of the United States. Data from this survey will be used in reports to the president and Congress; the Department of Defense is required to conduct this survey to meet its reporting requirements under the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. Some findings from this survey may also be published in professional journals or presented at conferences.

Completing this survey is voluntary. Most people can complete the survey in 15 minutes. This survey does not collect or use personally identifiable information (PII) and is not retrieved by personal identifier. There is no penalty if you choose not to respond. However, we strongly encourage you to participate so that the data will be complete and representative. Your responses will be treated as confidential. Identifying information will not be collected in this survey or delivered to FVAP.
