Section GG Functional Abilities and Goals - Interim Payment Assessment

GG0130. Self-Care (Assessment period is the last 3 days)

Code the resident's usual performance for each activity using the 6-point scale. If an activity was not attempted, code the reason.

Coding:

Safety and **Quality of Performance** - If helper assistance is required because resident's performance is unsafe or of poor quality, score according to amount of assistance provided.

Activities may be completed with or without assistive devices.

- 06. Independent Resident completes the activity by him/herself with no assistance from a helper.
- 05. Setup or clean-up assistance Helper sets up or cleans up; resident completes activity. Helper assists only prior to or following the activity.
- 04. **Supervision or touching assistance** Helper provides verbal cues and/or touching/steadying and/or contact guard assistance as resident completes activity. Assistance may be provided throughout the activity or intermittently.
- 03. **Partial/moderate assistance** Helper does LESS THAN HALF the effort. Helper lifts, holds, or supports trunk or limbs, but provides less than half the effort.
- 02. **Substantial/maximal assistance** Helper does MORE THAN HALF the effort. Helper lifts or holds trunk or limbs and provides more than half the effort.
- 01. **Dependent** Helper does ALL of the effort. Resident does none of the effort to complete the activity. Or, the assistance of 2 or more helpers is required for the resident to complete the activity.

If activity was not attempted, code reason:

07. Resident refused

- 09. Not applicable Not attempted and the resident did not perform this activity prior to the current illness, exacerbation, or injury.
- 10. Not attempted due to environmental limitations (e.g., lack of equipment, weather constraints)
- 88. Not attempted due to medical condition or safety concerns

5 Interim Performan	
Ce Enter Codes in	
Boxes	A. Eating: The ability to use suitable utensils to bring food and/or liquid to the mouth and swallow food and/or liquid once the meal is placed before the resident.
	B. Oral hygiene: The ability to use suitable items to clean teeth. Dentures (if applicable): The ability to insert and remove dentures into and from the mouth, and manage denture soaking and rinsing with use of equipment.
	C. Toileting hygiene: The ability to maintain perineal hygiene, adjust clothes before and after voiding or having a bowel movement. If managing an ostomy, include wiping the opening but not managing equipment.

Section GG Functional Abilities and Goals - Interim Payment Assessment

GG0170. Mobility (Assessment period is the last 3 days)

Code the resident's usual performance for each activity using the 6-point scale. If an activity was not attempted, code the reason.

Coding:

Safety and **Quality of Performance** - If helper assistance is required because resident's performance is unsafe or of poor quality, score according to amount of assistance provided.

Activities may be completed with or without assistive devices.

06. **Independent** - Resident completes the activity by him/herself with no assistance from a helper.

05. Setup or clean-up assistance - Helper sets up or cleans up; resident completes activity. Helper assists only prior to or following the activity.

- 04. **Supervision or touching assistance** Helper provides verbal cues and/or touching/steadying and/or contact guard assistance as resident completes activity. Assistance may be provided throughout the activity or intermittently.
- 03. **Partial/moderate assistance** Helper does LESS THAN HALF the effort. Helper lifts, holds, or supports trunk or limbs, but provides less than half the effort.
- 02. **Substantial/maximal assistance** Helper does MORE THAN HALF the effort. Helper lifts or holds trunk or limbs and provides more than half the effort.
- 01. **Dependent** Helper does ALL of the effort. Resident does none of the effort to complete the activity. Or, the assistance of 2 or more helpers is required for the resident to complete the activity.

If activity was not attempted, code reason:

- 07. Resident refused
- 09. Not applicable Not attempted and the resident did not perform this activity prior to the current illness, exacerbation, or injury.
- 10. Not attempted due to environmental limitations (e.g., lack of equipment, weather constraints)
- 88. Not attempted due to medical condition or safety concerns

00. NUL ALLE	mpted due to medical condition of safety concerns

Section M

Skin Conditions

Report based on highest stage of existing ulcers/injuries at their worst; do not "reverse" stage

M0210.	Unhealed Pressure Ulcers/Injuries
Enter Code	Does this resident have one or more unhealed pressure ulcers/injuries?0. NoSkip to M1030, Number of Venous and Arterial Ulcers1. YesContinue to M0300, Current Number of Unhealed Pressure Ulcers/Injuries at Each Stage
M0300.	Current Number of Unhealed Pressure Ulcers/Injuries at Each Stage
_	B. Stage 2: Partial thickness loss of dermis presenting as a shallow open ulcer with a red or pink wound bed, without slough. May also present as an intact or open/ruptured blister
Enter Number	1. Number of Stage 2 pressure ulcers
	C. Stage 3: Full thickness tissue loss. Subcutaneous fat may be visible but bone, tendon or muscle is not exposed. Slough may be present but does not obscure the depth of tissue loss. May include undermining and tunneling
Enter Number	1. Number of Stage 3 pressure ulcers
	D. Stage 4: Full thickness tissue loss with exposed bone, tendon or muscle. Slough or eschar may be present on some parts of the wound bed. Often includes undermining and tunneling
Enter Number	1. Number of Stage 4 pressure ulcers
En	F. Unstageable - Slough and/or eschar: Known but not stageable due to coverage of wound bed by slough and/or eschar
	1. Number of unstageable pressure ulcers due to coverage of wound bed by slough and/or eschar
