

As part of the COVID-19 Public Education Campaign market research efforts, the Current Events Tracker (CET) is a flexible survey vehicle designed for easy addition or removal of questions as applicable to the current environment. This wave re-fields questions on awareness of updated vaccine authorization, booster uptake, updated vaccine uptake, children's booster status, COVID risk concerns, COVID testing results, long COVID perceptions, long COVID-related experiences, and COVID symptom experiences. New or modified questions include those on date of last COVID vaccine dose, experiences with COVID treatment, and new messages.
