

As part of the COVID-19 Public Education Campaign market research efforts, the Current Events Tracker (CET) is a flexible survey vehicle designed for easy addition or removal of questions as applicable to the current environment. This wave re-fields questions on time to wait for updated vaccine, parents' vaccination attitudes, COVID-19 risk perceptions, and COVID-19 testing. institutional trust, the end of the public health emergency, and parents' vaccination attitudes. New or modified questions include those on parents' attitudes toward vaccines for children 6 years old and up, and WHO vaccination recommendation updates.
