eZ-Audit Overview

What is eZ-Audit?

eZ-Audit is a web based paperless single point of submission for financial statements and compliance audits. A designee from your entity simply signs on to eZ-Audit, enters summary audit and financial data directly from your report into a web form, attaches an electronic version of the report, and hits the submit button. Your submission through eZ-Audit will allow for more rapid and efficient processing by the Department of Education (**ED**) and therefore provide you with immediate feedback.

How does eZ-Audit work?

1. Your entity submits its compliance audit data and summary financial data, as applicable via a web form (follow this manual for complete instructions).
2. Your entity also attaches an electronic copy of audit report in a non- editable pdf format (using Adobe Acrobat).
3. The eZ-Audit system automatically forwards flagged financials and/or deficient audits to FSA for resolution.
4. FSA communicates with you to reach resolution.
5. As desired, you can periodically check eZ-Audit for the status of your report.

How does eZ-Audit Benefit You?

- You will receive instant acknowledgement of receipt – no more lost reports!
- You will no longer need to make any copies or send reports in the mail to ED.
- Processing times will be greatly reduced, thus allowing for quicker remediation of findings.
- Web forms will contain pre-populated fields.
- There are no new reporting requirements – data entry will be limited to the same data already contained in the reports.
- The time spent submitting these forms should be less than 1 hour.
- Status of your submissions will be accessible to you online at any time.
- eZ-Audit Help Desk assistance is available at fsaezaudit@ed.gov or by calling 1-877-263-0780, Monday – Friday, 9 a.m. – 5 p.m. ET.

Who at my entity will use eZ-Audit?

- *eZ-Audit Institution/Entity Administrator, selected by your entity, is responsible for:*
 - Registering your entity with eZ-Audit
 - Providing/managing access to data entry and submission approval personnel, as identified by your entity
 - Maintaining security information regarding entity's users as required
- *eZ-Audit Data Entry Users, selected by your entity, are responsible for:*
 - Entering data into the eZ-Audit system
 - Attaching non-editable, pdf files of financial statements and compliance audits
- *eZ-Audit Submission Approvers, selected by your entity, are responsible for:*
 - Reviewing the submission prior to “submit”
 - Approving the submission via the “submit” action

What role should my auditor play in eZ-Audit?

You may choose to ask your auditor to serve in all roles listed above.

Step-by-Step Guide to Using eZ-Audit For Guarantor Agency

If your auditor is not selected as a Data Entry/Submitter User; you may request that your auditor electronically sends you your financial statements and compliance audits in the non-editable pdf format using Adobe Acrobat.

Please note that the pdf files containing your financial statements and compliance audits will be included as attachments to your eZ-Audit submission – all signature pages in the financial statements and compliance audits, as well as the entity's corrective action plan, must be scanned.

eZ-Audit Technical Requirements

eZ-Audit is a **web-based application**. This means you will not need to load a new application on your computer. You will simply need to ensure that you have an **Internet browser – Internet Explorer 11.0 or higher**.

NOTE

If you receive an error that does not allow you to access eZ-Audit when you type in the URL from your Internet browser, please contact your network administrator and request that he/she do one of the following:

- Open your firewall to allow all 165.224.xxx.xxx addresses through, which would allow your entity access to all ed.gov sites
- Conduct a lookup on ezaudit.ed.gov which will allow your entity access to eZ-Audit

eZ-Audit requires you to attach a non-editable pdf version of your annual submissions. **Adobe Acrobat** must be used to create this attachment.

Step-by-Step Guide to Using eZ-Audit for Guarantor Agency

For Official, Approved Use only - The eZ-Audit system is funded by the Government to support various programmatic efforts needed to accomplish the FSA mission. As such, these resources are to be used only for official Government business. Users should remember that when they use the eZ-Audit system, they are acting in their employment capacity on behalf of ED. Unless approved in writing by management, any activity outside that employment capacity, or which could bring harm or embarrassment to ED/FSA must be avoided.

Privacy Expectations - All users are cautioned that, in general computers, networks, and information systems are not 'private.' Users should have no expectation of privacy when using computing resources. E-mail sent via the eZ-Audit system may bear site-specific identifiers in the address (name@ed.gov). As such, regardless of disclaimers, users employing ED/FSA e-mail are representing the site and ED/FSA and must act accordingly.

Monitoring of Computing Resources - Activities on ED/FSA systems and networks are subject to monitoring, recording, and periodic audits to ensure that the resources are functioning properly and to protect against unauthorized use. The System Administrator may access any user's computer system or data communications and disclose information obtained through such auditing to appropriate third parties, e.g., law enforcement personnel. Use of ED/FSA computing resources implies consent by the user to such monitoring, recording, and auditing.

Violations - It is critical that all users adhere to ED/FSA computer policies and accepted user principles regarding appropriate use. Violations of these principles or policies may lead to disciplinary action, possibly including termination of funding and/or employment. Designated administrators or other authorized personnel will evaluate and determine the degree of violation and appropriate disciplinary action.

Manager/Administrator Responsibilities - Management personnel will lead in applying these user principles. Managers are responsible for implementing these accepted user principles in their organization and will be accountable for ensuring that users are aware of and acknowledge their responsibilities.

Accepted User Principles - Users' access to computing resources indicates a level of trust bestowed upon them by their management and ultimately by ED. Users are responsible for their actions and must be aware of and acknowledge their responsibilities.

At a minimum, all users are responsible for these principles:

- Ensuring that the eZ-Audit system is used only for official Government business.
- Knowing who their site computer security personnel are and how they can be contacted.
- Ensuring that the eZ-Audit system is used in compliance with Title IV program participation agreements and other applicable regulatory requirements to ensure program integrity.
- Protecting the information users are processing from access by, or disclosure to, unauthorized personnel.
- Immediately reporting all security incidents and potential threats and vulnerabilities involving computing resources to designated computer security personnel.
- Protecting authenticators, such as passwords.
- Reporting any compromise or suspected compromise of a password to designated computer security personnel.
- Accessing only systems, networks, data, control information, and software for which they are authorized.
- Ensuring that system media and system outputs are marked according to their sensitivity and are properly controlled and stored.
- Knowing required storage sanitizing procedures (e.g., overwriting disks that contain sensitive data prior to reuse).
- Avoiding the introduction of malicious code into any computing resource.
- Preventing physical damage to the system.
- Notifying management before relocating computing resources.
- Ensuring that the work area is secured at all times and not duplicated.
- Following procedures for signing out sensitive application documentation when removing these documents from the library and ensuring that sensitive information is not removed from the work area.
- Not removing equipment or storage media from the work area without prior written authorization from the designated systems administrators, security officer or other authorized personnel.

Dear ,

The Department of Education (Department) received your Annual Submission for the fiscal year ended 06/30/2019 on 06/01/2020 12:08:56. The Department determined that ~~XXXXXXXXXXXXXXXXXXXX~~ University's submission is incomplete or in error for the following reason(s):

Compliance Audit

- - Compliance Audit is not viewable.
- - Corrective Action Plan is not viewable.

Please resubmit the compliance audit ~~and do not resubmit~~ within 7 calendar days via eZ-Audit at <http://www.ezaudit.ed.gov/>. ~~XXXXXXXXXXXXXXXXXXXX~~ University is advised that until an acceptable compliance audit is received, the institution is not in compliance with the audit submission requirements set forth at 34 C.F.R. § 668.23. If the Department does not receive an acceptable compliance audit, ~~XXXXXXXXXXXXXXXXXXXX~~ University will be liable for all unaudited funds for the audit period. In addition, failure to submit an acceptable compliance audit may result in the Department initiating adverse action against the institution, including terminating or revoking the institution's program participation agreement, or, if the institution has an application pending for renewal of its certification, denial of that application. Further, failure to timely submit an acceptable compliance audit may cause the Department to determine that the institution is in violation of past performance provisions set forth at 34 C.F.R. § 668.174(a)(3), resulting in, among other things, provisional certification, the posting of a letter of credit (not applicable to public institutions), and placement on a heightened cash monitoring payment method.

If you have any questions regarding the compliance issue(s) addressed in this letter or the resubmission of your Annual, please contact the eZ-Audit Help Desk at (877) 263-0780 between the hours of 9am and 5pm EST. When prompted, choose option 2 for incomplete letter.

Your immediate attention to this matter is greatly appreciated.
