or not the applicant is aware of how to comply with
bid specifications with required language.

Approval expires XX/XX/XXXX

Section E

Project Information (Columns A-F)

Name and/or number.

Details including dimensions, quantities, capacities, square footage, etc.
Description of new facilities or the renovation or replacement of existing ones.

Information for all contract components.

Specify if the location is within an existing facility. Include location
for all project components or sub-projects included in the contract. Attach
maps of projects included in the contract, if available.

If your project delivery method is not on the drop-down list, type your

Documents such as Planning Documents, Preliminary Design Reports or Conceptual
Designs (executed or draft contract documents). For alternative project delivery
methods (e.g., design-bid-build), provide the file names of procurement
documents such as Request for Qualifications and Request for Proposals)

Schedule (Columns G-M)

Start and end dates for key milestones in Columns G-N. Attach the
schedule (if needed).

Schedule, if needed.

Cost Information (Columns O-U)

See Columns N-Q.

Cost Estimate or similar, which verify the costs listed in Columns N-Q. The
total costs. Attach the cost estimate for each contract (required).

in the overall project cost, indicate the amount. Attach the executed

ements for overseeing scope/schedule/costs of projects. Attach Project

ect costs, if needed.

Project Information (Columns V-Z)

ed a plan for operating, maintaining, and repairing the project over the
tions and maintenance plans or professional service contracts or similar

erated and/or maintained by a third party, provide the file names for any
o execute for the operation and maintenance of the project(s), key
be used to cover the project(s), and reserves that will be set aside for the

plemented for this project from the drop-down list. Sample risks might
y, delayed approvals, and litigation. If you chose "Risk Mitigation Plan
ch the plans. If you chose "Risk Mitigation Plan and/or Project Mgmt Plan
intends to mitigate major risks for the project.

ng reviews of the project design that must review final plans and
licable statutory references and expected timelines.

notes in the Other Project Information section.

Specifications (Columns AA-AB)

n Column AA are in final or draft bid specifications (or project
or the project(s). To select multiple choices, enable spreadsheet macros.
skip this question and proceed to Column AB. Attach the draft of Final Bid
