EPA requires manufacturers of small cans of automotive refrigerant to keep records of test data and log forms that demonstrate compliance with the allowable leakage rate (40 CFR §82.154(c)(2)).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The number and expiration date are displayed in the upper right corner of the form. The public reporting and recordkeeping burden for this collection of information is estimated to average 2 hours per year. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822T), 1200 Pennsylvania Avenue NW, Washington, D.C. 20460.
