

CFR 1150.31 to acquire and operate the following railroad track and other assets of the San Luis & Rio Grande Railroad, Inc. (SLRG): (1) from milepost 299.30 near Derrick, Colo., to milepost 180.00 near Walsenburg, Colo., comprising SLRG's Alamosa Subdivision, and (2) between milepost 251.7 at Alamosa, Colo., and milepost 281.78 at Antonito, Colo. (the Antonito Subdivision), a total distance of approximately 149.38 miles (collectively, the Line).¹ According to the verified notice, CP Rio Grande is also acquiring incidental trackage rights conveyed to SLRG by UP in the vicinity of Walsenburg between milepost 180.00 and milepost 175.00.

According to the verified notice, the proposed transaction is the culmination of involuntary Chapter 11 bankruptcy proceedings before the United States Bankruptcy Court for the District of Colorado. The verified notice states that, on November 17, 2022, KCVN LLC (KCVN) was the successful bidder at auction for substantially all the assets of SLRG, and an Asset Purchase Agreement was executed between SLRG and KCVN "or its permitted assignee." The verified notice further states that the Bankruptcy Court approved the sale to KCVN or its permitted assignee pursuant to the Asset Purchase Agreement on November 29, 2022. According to the verified notice, on December 19, 2022, KCVN assigned all of its rights in the Asset Purchase Agreement to CP Rio Grande.²

CP Rio Grande certifies that its projected annual revenues from this transaction will not exceed \$5 million and will not result in CP Rio Grande becoming a Class II or Class I rail carrier. CP Rio Grande further certifies that the transaction involves an interchange commitment that would limit future interchange with a third-party carrier other than UP in Walsenburg Yard,³ and CP Rio Grande

has provided additional information regarding the interchange commitment as required by 49 CFR 1150.33(h).

The transaction may be consummated on or after January 19, 2023, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than January 12, 2023 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36656, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on SLRG's representative: Thomas W. Wilcox, Law Office of Thomas W. Wilcox, LLC, 1629 K Street NW, Suite 300, Washington, DC 20006.

According to CP Rio Grande, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

¹ The verified notice states that SLRG acquired the Line from the Union Pacific Railroad Company (UP) in 2003. See *San Luis & Rio Grande R.R.—Acquis. & Operation Exemption—Union Pac. R.R.*, FD 34350 (STB served July 18, 2003).

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption requests. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov. As described in the system of records notice DOT/ALL 14 (Federal Docket Management System (FDMS)), which can be reviewed at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>, the comments are searchable by the name of the submitter.

II. Background

On November 17, 2022, FMCSA published a notice announcing receipt of applications from nine individuals requesting an exemption from the hearing requirement in 49 CFR 391.41(b)(11) to operate a CMV in interstate commerce and requested comments from the public (87 FR 69076). The public comment period ended on December 19, 2022, and one comment was received.

FMCSA has evaluated the eligibility of these applicants and determined that granting exemptions to these individuals would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved by complying with § 391.41(b)(11).

The physical qualification standard for drivers regarding hearing found in § 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid (35 FR 6458, 6463 [Apr. 22, 1970] and 36 FR 12857 [July 8, 1971], respectively).

III. Discussion of Comments

FMCSA received one comment in this proceeding. An individual anonymously commented that they are in favor of “granting exemptions for the applicants provided the applicants are otherwise qualified to drive CMVs in interstate traffic.” However, they believe that the exemption should not be necessary for individuals who are hearing impaired as these individuals do not pose any risk to safety. The individual notes that based on FMCSA’s continued decisions to grant exemptions to individuals who are hearing impaired and studies that support hearing impaired individuals are not a risk to safety, and that “Congress does not have a legitimate interest in disallowing persons with hearing impairments from obtaining CDLs without first applying for an exemption and being submitted to the lengthy public comment process.” They go on to ask why there is a general law from 1971 banning CMV drivers who are deaf or hard of hearing from driving that requires the driver to appeal to a bureaucratic process. The majority of their comment falls outside the scope of this notice. FMCSA grants exemptions based on an individual assessment of each applicant that focuses on whether an equal or greater level of safety would likely be achieved by permitting each of these drivers to drive in interstate commerce.
